

# TARGETS AND RESOURCES

# REGION 7 COLORADO RIVER

**GROUP:** TARGETS AND RESOURCES  
REGION 7

**MEASURE:** ALL REGIONAL TARGETS  
ALL RESOURCES

**MEASUREMENTS:**  
INSPECTIONS AND PERMITS

REGION 7 PROGRAM	FACILITIES REGULATED	INSPECTIONS			PERMITS ISSUED (not including revised and rescinded)			ENFORCEMENT ACTIONS	PROGRAM BUDGET (\$)	STAFF (PY)
		ACTUAL	TARGET	% TARGET	ACTUAL	TARGET	% TARGET			
NPDES MAJOR	8	10	9	↑ 111%	4	5	↓ 80%	95	\$209,932	1.8
NPDES MINOR (including general enrollees)	58	24	1	↑ 2400%	2	1	↑ 200%			
STORMWATER CONSTRUCTION	150	80	100	↓ 80%	58	NA	NA	-	\$167,862	2.1
STORMWATER INDUSTRIAL	163	0	20	↓ 0%	5	NA	NA	36		
STORMWATER MUNICIPAL	20	0	4	↓ 0%	0	NA	NA	-		
WASTE DISCHARGE REQUIREMENTS	242	8	50	↓ 16%	1	5	↓ 20%	4	\$328,375	4.6
LAND DISPOSAL	75	64	25	↑ 256%	3	5	↓ 60%	1	\$406,749	4
ALL OTHER PROGRAMS	248	0			22			-	\$409,425	4.2
<b>TOTAL</b>	<b>964</b>	<b>186</b>			<b>95</b>			<b>136</b>	<b>\$1,522,343</b>	<b>16.7</b>

## OTHER TARGETS

	FY 09-10 Actual	TARGET FY 09-10	% TARGET
<b>1 Plan &amp; Assess</b>			
# of combinations added/removed from 303(d) list (impaired waters)	26		NA
# of Implementation Provisions Adopted	9	4	↑ 225%
# of pollutant/water body combinations addressed	2		NA
# of SWAMP analyses conducted	358	358	↑ 100%
# of SWAMP Site visits	10	10	↑ 100%
# of Total Maximum Daily Loads adopted	2	1	↑ 200%
# of Use Attainability Analyses adopted	-	1	↓ 0%
# of Water Quality Objectives Adopted	-	2	↓ 0%
<b>2 Regulate</b>			
# of groundwater cleanup cases moved to remediation or interim remediation	2	6	↓ 33%
# of Site Cleanup Program sites projected closed	1	2	↓ 50%
# of Undergorund Stotage Tanks sites projected closed	5	4	↑ 125%
<b>3 Enforcement</b>			
Mandatory Minimum Penalty Violations Not Addressed Within 18 Months of Discovery (as of June 30, 2010)	143	-	↓

**RESOURCES (INPUTS)**

REGION 7	FY 09-10 BUDGET (\$)	STAFF (PY)
Basin Planning (401)	\$240,802	1.60
Enforcement Coordination (112/141) (does not include all enforce	\$153,336	1.00
Forest Activities/Timber Harvest Plans (172/433)	\$0	-
Landfills / Land Disposal(133/139)	\$480,700	4.00
Management/Admin (591/691)	\$470,613	2.50
Nonpoint Source (281)	\$142,848	1.80
Stormwater (105)	\$206,686	2.10
Total Maximum Daily Load (252/254/265)	\$655,738	5.90
Underground Storage Tanks (302/305/324/325/329)	\$332,287	3.40
Waste Discharge Requirements (126)	\$413,419	4.60
Water Quality Monitoring (156)	\$109,516	0.90
Watershed Initiative (111)	\$72,017	0.80
Bond Programs (State Operations/Staff)	\$5,700	0.10
Cleanup and Abatement Account (278)	\$39,626	0.30
Operating Expenses and Equipment (includes Facility Operations)	\$130,200	-
Other Programs (miscellaneous programs not included in the abo	\$106,124	1.00
Spills, Leaks, Investigations and Cleanup (201)	\$89,100	0.80
Department of Defense/Navy Cost Recovery (165/166)	\$119,079	0.90
Dredge and Fill/Wetlands/401 Certification (107)	\$84,766	0.40
National Pollutant Discharge Elimination System (NPDES) (102)2	\$243,210	1.80
<b>Grand Total</b>	<b>\$4,095,767</b>	<b>33.9</b>

**STAFF ALLOCATED BY ACTIVITY**

**WHAT THE CARD IS SHOWING:**

Each target card provides a direct comparison of actual outputs for FY 2009-10 to the target estimates established at the outset of the fiscal year. While budgetary and personnel information is not directly aligned with the activities being assessed, it does provide a basis for understanding the relative priority of key programs within each region and across the State. For the actual outputs presented, the Water Boards are continuing to evolve its data bases for improved accuracy. Some of the measurements reported may be different than the measurements tracked by the regions and programs. In addition, there are several targets for which outputs cannot be readily displayed without modification to the databases. This includes the number of permits revised, which should include the number of permits reviewed, revised and/or rescinded.

For the actual outputs presented, the Water Boards are continuing to evolve its data bases for improved accuracy. Some of the measurements reported may be different than the measurements tracked by the regions and programs. Notably, the data portrayed include entries completed through July 15, 2010 and do not reflect data input after that period. In addition, there are several targets for which outputs cannot be readily displayed without modification to the databases. This includes the number of permits revised, which should include the number of permits reviewed, revised and/or rescinded.

**WHY THIS CARD IS IMPORTANT:**

Beginning with FY 2009-10, performance targets were established for certain output measures. Targets are goals that establish measurable levels of performance to be achieved within a specified time period. This card demonstrates how the resources of the region are being deployed to protect water quality. As with any first year effort, the ability to accurately estimate targeted levels of activity is a learning process. For this first year, the Regional Water Boards considered the unique differences and needs within their respective watersheds, their work priorities given available resources, external factors such as furloughs, and prior year outputs.

## **TECHNICAL CONSIDERATIONS:**

- Target arrows: Red; less than 85% of target met, yellow, target met between 85% and 100%, green; target met at 100% or above.
- All other programs include: Timber Harvest, Non point Source, 401 Certification, Tanks, Pretreatment, Recycling and miscellaneous programs (for budget information).
- Other Programs (budget): miscellaneous programs not included in the above.
- Permits issued: Does not include rescissions or permit revisions that may have been included in the targets.

## **REGIONAL CONSIDERATIONS:**

### Site Cleanup & Underground Storage Tank Programs

- Funding may include Cleanup and Abatement Account project funds that do not contribute to staff resources.
