

STATE WATER RESOURCES CONTROL BOARD
RESOLUTION NO. 87- 107

CHANGES IN THE RANKINGS OF SOLID WASTE DISPOSAL SITES PER
SECTION 13273 OF THE WATER CODE

WHEREAS:

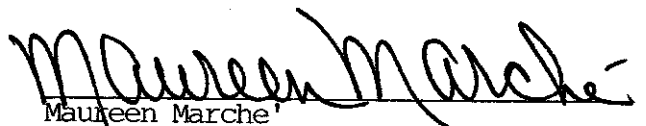

1. Section 13273 of the Water Code requires the State Water Resources Control Board (State Board) to rank all solid waste disposal sites in the State with 150 disposal sites per rank.
2. On September 18, 1986, the State Board approved a ranking of solid waste disposal sites containing 2,087 entries and 14 ranks.
3. On December 18, 1986, the State Board approved changes to the ranking of solid waste disposal sites which resulted in the deletion of one site, the addition of one site, and a shift in rank for three sites.
4. The Regional Boards have recommended the addition of 130 previously unlisted solid waste disposal sites to the ranking and the deletion of five sites found to be duplicates, thus making a total of 2,212.
5. The Regional Boards have recommended re-ranking certain sites based on an improved understanding of their threat to water quality.

THEREFORE BE IT RESOLVED:

The State Board approves the re-ranking of solid waste disposal sites.
