

STATE WATER RESOURCES CONTROL BOARD
RESOLUTION NO. 91-35

TOXIC PITS CLEANUP ACT OF 1984

WHEREAS:

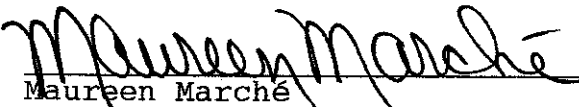

1. The Toxic Pits Cleanup Act of 1984 (TPCA) established a program to ensure that existing surface impoundments which contain liquid hazardous wastes are either made safe or closed.
2. TPCA contains various deadlines for compliance with its provisions.
3. TPCA authorizes regulatory actions to ensure compliance.
4. The California Regional Water Quality Control Boards (Regional Boards) have taken appropriate action on most TPCA sites.
5. Additional TPCA sites are being addressed adequately under other programs.
6. There are a few sites at which further action is needed to ensure compliance.
7. The State Water Resources Control Board (State Board) has determined that it is most efficient at this point to assume jurisdiction over these remaining sites.

THEREFORE BE IT RESOLVED THAT THE STATE BOARD:

1. On its own motion, assumes jurisdiction, including the authority to issue cleanup and abatement orders, over the sites listed in the Attachment.
2. May remand any orders issued to the appropriate Regional Board for implementation.
3. Will handle sites being addressed adequately under other programs outside the TPCA program.

CERTIFICATION

The undersigned, Administrative Assistant to the Board, does hereby certify that the foregoing is a full, true, and correct copy of a resolution duly and regularly adopted at a meeting of the State Water Resources Control Board held on May 1, 1991.

Maureen Marché
Administrative Assistant to the Board
