

STATE WATER RESOURCES CONTROL BOARD  
RESOLUTION NO. 96-037

APPROVAL OF A LINKED DEPOSIT PROGRAM FUNDED THROUGH THE  
STATE REVOLVING FUND TO ESTABLISH THE LAKE TAHOE  
BEST MANAGEMENT PRACTICES RETROFIT PROJECT  
SRF LOAN NO. C-06-6038-11

WHEREAS:

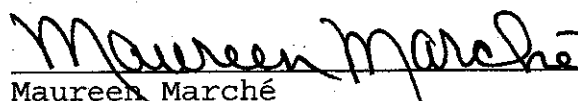

1. The Tahoe Regional Planning Agency (TRPA) and the Lake Tahoe Resources Conservation District have requested funding for a \$3 million Linked Deposit Program funded through the State Revolving Fund (SRF) for a Lake Tahoe Best Management Practices (BMP) Retrofit Project (Project).
2. The Project implements recommendations of TRPA's 1988 Water Quality Management Plan under Section 208 of the Federal Clean Water Act and the Lahontan Regional Water Quality Control Plan.
3. The Project will address nonpoint source pollution caused by urban runoff, construction, land development, grazing, and dairy activities that are the major cause for loss of clarity in Lake Tahoe.
4. The State Water Resources Control Board (SWRCB) and the State Treasurer are in the process of negotiating a Contract of Agreement to implement the Linked Deposit Program.
5. In 1991, the Lahontan Regional Water Quality Control Board completed a Negative Declaration, to comply with the California Environmental Quality Act, that discusses the environmental impacts of individual projects that would be funded under this program.

THEREFORE, BE IT RESOLVED THAT:

The SWRCB authorizes \$3 million for a Linked Deposit Program through the SRF to establish the Lake Tahoe BMP Retrofit Project providing the SWRCB and the State Treasurer execute a Contract of Agreement to implement the Linked Deposit Program.

CERTIFICATION

The undersigned, Administrative Assistant to the Board, does hereby certify that the foregoing is a full, true, and correct copy of a resolution duly and regularly adopted at a meeting of the State Water Resources Control Board held on May 29, 1996.
