
Central Coast Regional Water Quality Control Board

September 7, 2016

Interested Parties:

UST: CHEVRON SERVICE STATION 9-5867, 460 WEST TEFFT STREET, NIPOMO, SAN LUIS OBISPO COUNTY - CASE REVIEW & PUBLIC NOTICE OF CASE CLOSURE (CASE NO. 3621)

The Central Coast Regional Water Quality Control Board (Central Coast Water Board) is the State regulatory agency responsible for the protection of groundwater and surface water quality within the central coast region. As such, we are overseeing the investigation and cleanup of petroleum hydrocarbons released from the underground storage tank (UST) system at the above referenced site. Chevron Environmental Management Company is the party responsible for investigation and cleanup of the site. We are notifying the site property owner, surrounding property owners, and other potentially interested parties of the proposed closure of this case. Please provide your comments or concerns regarding closure of this UST case to this office by **November 7, 2016**. It is not necessary to respond if you have no comments. Information on the UST case investigation and cleanup is available for review on the State Water Resources Control Board's GeoTracker at:

http://geotracker.waterboards.ca.gov/profile_report.asp?global_id=T0607943554

You can view a site location map at:

http://geotracker.waterboards.ca.gov/map/?global_id=T0607943554

Based on the soil investigation results, Central Coast Water Board staff believes there is no significant threat to groundwater resources, human health and the environment from this site. Petroleum hydrocarbon concentration trends are downward, and the remaining residual soil contamination are well characterized and declining in size and concentration. The contaminant mass has been removed from the site to the maximum extent practicable. Following the public comment period and resolution of any comments the Executive Officer will issue a case closure letter pursuant to California Underground Storage Tank Regulations.

The final draft of the Case Closure Summary form is available for review at the link below. If you wish to obtain additional information, provide comments, or if you need assistance accessing GeoTracker, please contact **Tom Sayles at (805) 542-4640** or by email at Tom.Sayles@waterboards.ca.gov

Sincerely,

for
John M. Robertson
Executive Officer
