Mr. Budd Sanford
P. O. Box 6663
Los Osos, CA 93412

Dear Mr. Sanford:

RESPONSE TO JULY 31, 2003 REQUEST FOR INFORMATION

This letter responds to your July 31, 2003 faxed memorandum (copy attached).

Question: Your correspondence requests copy and/or confirmation regarding whether the Regional Water Quality Control Board instructed the Los Osos Community Services District to use, install or construct a traditional wastewater system or be denied low interest money.

Response: I am not aware of any such correspondence or conversation. In fact, to the contrary, the Los Osos Community Services District has considered a variety of traditional and non-traditional approaches to resolving water and wastewater problems within the community and this Regional Board supported such endeavors. However, specific collection, treatment, reuse and disposal technologies are selected by the project proponent (the CSD) and not by the Regional Board.

As stated in writing to you multiple times you are welcome to review, and do your own research on our public records, data, and information on the subject at our office weekdays between 8:30 am and 4:30 pm by calling and making an appointment. If you have questions, please call Sorrel Marks at 805/549-3695 or Gerhardt Hubner at 805/542-4647.

Sincerely,

Roger W. Briggs
Executive Officer
