Roger W. Briggs  
Executive Officer  
California Regional Water Quality Control Board  
Central Coast Region  
895 Aerovista Place, Suite 101  
San Luis Obispo, California 93401

**RE: SITE CLEANUP PROGRAM: 425 TENNANT AVENUE, MORGAN HILL;  
RESPONSE TO OLIN'S AREA I WELL INSTALLATION WORK PLAN**

Dear Mr. Briggs:

In accordance with the Central Coast, California Regional Water Control Board (Water Board) letter dated June 11, 2007, Olin Corporation (Olin) herein provides documentation that we have evaluated feasible treated water disposition options and have selected a final treated water disposition option.

As communicated to Mr. Hector Hernandez on June 12, 2007, after deliberate discussion with the City of Morgan Hill regarding the municipal water supply option, we have jointly agreed that it is not a viable treated water disposition option. As a result, we are proceeding with the recharge options discussed in the *Area I Well Installation Work Plan* and applicable documents. In accordance with the June 11, 2007 letter, Olin will submit the *Recommendation for Area I Final Extraction Well Design and Location* by close of business July 30, 2007.

Should the Water Board Staff have any questions regarding this notice, please contact Richard W. McClure at (423) 336-4576.

Sincerely,  
OLIN CORPORATION

A handwritten signature in black ink that reads "Curtis M. Richards".

Curtis M. Richards
