ADMINISTRATIVE CIVIL LIABILITY COMPLAINT R5-2015-0533

MANDATORY PENALTY
IN THE MATTER OF

CITY OF MANTECA AND DUTRA FARMS, INC.
WASTEWATER QUALITY CONTROL FACILITY
SAN JOAQUIN COUNTY

This Complaint is issued to the City of Manteca (hereafter Discharger) pursuant to California Water Code (Water Code) section 13385, which authorizes the imposition of Administrative Civil Liability, Water Code section 13323, which authorizes the Executive Officer to issue this Complaint, and Water Code section 7, which authorizes the delegation of the Executive Officer's authority to a deputy, in this case the Assistant Executive Officer. This Complaint is based on findings that the Discharger violated provisions of Waste Discharge Requirements (WDRs) Order R5-2009-0095 and R5-2015-0026 (NPDES CA0081558).

The Assistant Executive Officer of the Central Valley Regional Wastewater Quality Control Board (Central Valley Water Board or Board) alleges the following:

1. The Discharger owns and operates the City of Manteca Wastewater Quality Control Facility (Facility), which provides sewerage service to the City of Manteca and portions of the City of Lathrop in San Joaquin County. Treated domestic, commercial, and industrial wastewater is discharged to the San Joaquin River.
2. Discharges from the Facility were regulated by the Central Valley Water Board under Waste Discharge Requirements (WDRs) Order R5-2009-0095, which was adopted on 8 October 2009. On 17 April 2015, the Board adopted WDRs Order R5-2015-0026 which contained new requirements and rescinded Order R5-2009-0095 except for enforcement purposes. WDRs Order R5-2015-0026 became effective on 1 June 2015.
3. On 9 March 2015, the Executive Officer of the Central Valley Water Board issued Administrative Civil Liability Complaint (ACLC) R5-2015-0517 for mandatory minimum penalties (MMPs) for effluent violations (identified in Attachment A to ACLC R5-2015-0517) that occurred from 1 December 2010 through 31 December 2014. The Discharger paid the civil liability and the Board considers those effluent violations specifically listed in Attachment A to ACLC R5-2015-0517 to be resolved.
4. This Complaint addresses administrative civil liability for effluent violations that occurred during the period from 1 January 2015 through 30 June 2015. These violations are specifically identified in Attachment A to this Complaint as subject to MMPs. Attachment A to this Complaint is attached hereto and incorporated herein by this reference.
5. On 12 June 2015, Central Valley Water Board staff issued a draft Record of Violations (ROV) to the Discharger for the period from 1 January 2015 through 30 April 2015. The Discharger responded on 18 June 2015 and agreed with the violations. This Complaint extends the ROV period through 30 June 2015; one additional violation was found other than those cited in the ROV.

6. Water Code section 13385 subdivision (h) and (i) require assessment of mandatory penalties and state, in part, the following:

Water Code section 13385 subdivision (h)(1) states:

Notwithstanding any other provision of this division, and except as provided in subdivisions (j), (k), and (l), a mandatory minimum penalty of three thousand dollars (\$3,000) shall be assessed for each serious violation.

Water Code section 13385 subdivision (h)(2) states:

For the purposes of this section, a “serious violation” means any waste discharge that violates the effluent limitations contained in the applicable waste discharge requirements for a Group II pollutant, as specified in Appendix A to Section 123.45 of Title 40 of the Code of Federal Regulations, by 20 percent or more or for a Group I pollutant, as specified in Appendix A to Section 123.45 of Title 40 of the Code of Federal Regulations, by 40 percent or more.

Water Code section 13385 subdivision (i)(1) states, in part:

Notwithstanding any other provision of this division, and except as provided in subdivisions (j), (k), and (l), a mandatory minimum penalty of three thousand dollars (\$3,000) shall be assessed for each violation whenever the person does any of the following four or more times in any period of six consecutive months, except that the requirement to assess the mandatory minimum penalty shall not be applicable to the first three violations:

- A) Violates a waste discharge requirement effluent limitation.
- B) Fails to file a report pursuant to Section 13260.
- C) Files an incomplete report pursuant to Section 13260.
- D) Violates a toxicity effluent limitation contained in the applicable waste discharge requirements where the waste discharge requirements do not contain pollutant-specific effluent limitations for toxic pollutants.

7. Water Code section 13323 states, in part:

Any executive officer of a regional board may issue a complaint to any person on whom administrative civil liability may be imposed pursuant to this article. The complaint shall allege the act or failure to act that constitutes a violation of law, the provision authorizing civil liability to be imposed pursuant to this article, and the proposed civil liability.

8. WDRs Order R5-2009-0095 Effluent Limitations IV.A.1.a. includes, in part, the following effluent limitations:

- a. **Effective immediately**, the Discharger shall maintain compliance with the effluent limitations at Discharge Point No. 001...:

Parameter	Units	Instantaneous Maximum
Total Coliform Organisms	MPN/100 mL	240

9. WDRs Order R5-2009-0095 contain Final Effluent Limitations IV.A.1.d, which include, in part, the following effluent limitation:
 - d. **Temperature.** The maximum temperature of the discharge shall not exceed the natural receiving water temperature by more than 20°F.
10. According to the Discharger's self-monitoring reports, the Discharger committed two (2) non-serious violations of the above effluent limitations contained in WDRs Order R5-2009-0095 during the period beginning 1 January 2015 and ending 30 June 2015 as identified in Attachment A. These non-serious violations are subject to MMPs under Water Code section 13385(i)(1) because these violations were preceded by three or more similar violations within a 180-day period. The mandatory minimum penalty for these non-serious violations is **six thousand dollars (\$6,000)**.
11. The total amount of the mandatory penalty assessed for the cited effluent violations is **six thousand dollars (\$6,000)**. As stated herein, a detailed list of the cited effluent violations is included in Attachment A. This Complaint addresses administrative civil liability for violations that are specifically identified in Attachment A as subject to mandatory minimum penalties.
12. On 14 February 2014, the Executive Officer designated Andrew Altevogt, Assistant Executive Officer, as the Lead Prosecution Officer for all enforcement matters originating in the Rancho Cordova Office. The 14 February 2014 Delegation of Authority also authorizes Andrew Altevogt to issue Administrative Civil Liability Complaints.
13. Issuance of this Administrative Civil Liability Complaint to enforce Water Code Division 7, Chapter 5.5 is exempt from the provisions of the California Environmental Quality Act (Pub. Resources Code section 21000 et seq.), in accordance with California Code of Regulations, title 14, section 15321(a)(2).

THE DISCHARGER IS HEREBY GIVEN NOTICE THAT:

1. The Assistant Executive Officer of the Central Valley Water Board proposes that the Discharger be assessed an Administrative Civil Liability in the amount of **six thousand dollars (\$6,000)**.
2. A hearing on this matter will be held at the Central Valley Water Board meeting scheduled on **10/11 December 2015**, unless the Discharger does one of the following by **14 October 2015**:
 - a) Waives the hearing by completing the attached form (checking off the box next to Option 1) and returning it to the Central Valley Water Board. In addition, submits payment for the proposed civil liability of **six thousand dollars (\$6,000)** to the State Water Board with a copy of the check to the Central Valley Water Board; or
 - b) Requests to engage in settlement discussions by checking the box next to Option 2 on the attached form, and returning it to the Board along with a letter describing the issues to be discussed. The Central Valley Water Board must agree to the postponement; or
 - c) Requests to delay the hearing by checking off the box next to Option 3 on the attached form, and returning it to the Board along with a letter describing the proposed length of delay and the issues to be discussed. The Central Valley Water Board must agree to the postponement.

3. If a hearing on this matter is held, the Central Valley Water Board will consider whether to affirm, reject, or modify the proposed Administrative Civil Liability, or whether to refer the matter to the Attorney General for recovery of judicial civil liability.
4. If this matter proceeds to hearing, the Assistant Executive Officer reserves the right to amend the proposed amount of civil liability to conform to the evidence presented, including but not limited to, increasing the proposed amount to account for the costs of enforcement (including staff, legal and expert witness costs) incurred after the date of the issuance of this Complaint through completion of the hearing.

FOR ADMINISTRATIVE CIVIL LIABILITY COMPLAINT**

I am duly authorized to represent the City of Manteca and Dutra Farms, Inc. (hereafter Discharger) in connection with Administrative Civil Liability Complaint R5-2015-0533 (hereafter Complaint). (OPTION 1: Check here if the Discharger waives the hearing requirement and will pay in full.)

- a. I hereby waive any right the Discharger may have to a hearing before the Central Valley Water Board.
- b. I certify that the Discharger will remit payment for the proposed civil liability in the full amount of **six thousand dollars (\$6,000)** by check that references "ACL Complaint R5-2015-0533" made payable to the *State Water Pollution Cleanup and Abatement Account*. Payment must be received by the State Water Resources Control Board, Accounting Office, Attn: ACL Payment at PO Box 1888, Sacramento, California, 95812-1888 by **14 October 2015**. Should the Central Valley Water Board receive significant new information or comments during this comment period, the Central Valley Water Board's Assistant Executive Officer may withdraw the complaint, return payment, and issue a new complaint. I also understand that approval of the settlement will result in the Discharger having waived the right to contest the allegations in the Complaint and the imposition of civil liability.
- d. I understand that payment of the above amount is not a substitute for compliance with applicable laws and that continuing violations of the type alleged in the Complaint may subject the Discharger to further enforcement, including additional civil liability.

(OPTION 2: Check here if the Discharger waives the 90-day hearing requirement in order to engage in settlement discussions.) I hereby waive any right the Discharger may have to a hearing before the Central Valley Water Board within 90 days after service of the complaint, but I reserve the ability to request a hearing in the future. I certify that the Discharger will promptly engage the Central Valley Water Board Prosecution Team in settlement discussions to attempt to resolve the outstanding violation(s).
