Anne:

I plan to speak during the board meeting when the Madison matter comes up. I request to be a Designated Party since the Proposed TSO, Amended CDO and the wastewater management issues in Madison significantly impact our use of our property in Madison.

Via a separate email, I sent you slides, which together with my previous written letter, form part of my comments on the Proposed TSO, Amended CDO, and Staff Reports. I plan to use them to aid and clarify the oral summary of my comments.

Please let me know if you have any questions.

Sincerely,  
Jay de los Reyes
