RESPONSE TO COMMENTS, TENTATIVE WASTE DISCHARGE REQUIREMENTS, NPDES PERMIT NO. CA0079430, MARIPOSA PUBLIC UTILITY DISTRICT WWTF, MARIPOSA COUNTY

On 12 September 2007, we circulated tentative Waste Discharge Requirements (TWDRs) concerning the discharge from the District's WWTF to Mariposa Creek. We received written comments from the District, Carollo Engineers P.C. on behalf of the District, the United States Environmental Protection Agency, and the Central Valley Clean Water Association. We also discussed with you on 29 October 2007 the District's comments by conference call. No other comments were received by the specified date of 15 October 2007. Enclosed are responses to the comments received and a revised version of the TWDRs anticipated to be considered for adoption by the Regional Water Board at its meeting on 6/7 December 2007. Regional Water Board staff have calendared the item as uncontested. Please notify us immediately if you intend to contest the TWDRs so staff can plan accordingly.

To conserve resources, this letter transmits paper copies of the response to comments and the revised TWDRs to the District only. Interested parties may download these items from our website at <http://www.waterboards.ca.gov/centralvalley/tentative>. If you have any questions regarding these items, or if you do not have internet access and wish to request paper copies, please contact me at (559) 445-6190.

W. DALE HARVEY
Senior WRC Engineer
RCE No. 55628
