Subject: Monthly Sewer Bill to Triple?>

First of all, have you driven around and notice all the for lease signs out at local shopping centers? So, your happy seeing these for lease sign out. Wouldn't you rather tried to get business into these shopping centers for you would have steady customers instead of lease signs.

Here in Citrus Heights, were delighted at this hard time to see new business coming in, our empty building. And we are trying to keep these business here. But than again if you raise our sewer than that stops us, homeowner, to keep these business alive. You raise new business a hook-up fee that prevents Business taking a chance to do business.

Our economy is in a MESS> I've always felt you have to keep the money going in a circle.

First a JOB
Than you need a home (keep home building going)
Okay, you need food, clothing, misc eating out (business happy)
And even can afford using the sewer bill. (but raise this, than I guess we eat less food)

Thank you
Kathy Cook
