

CALIFORNIA REGIONAL WATER QUALITY CONTROL BOARD
CENTRAL VALLEY REGION

ORDER NO. 81-123

WASTEWATER RECLAMATION REQUIREMENTS
FOR
GOLDEN HILLS COUNTRY CLUB, INC.
KERN COUNTY

The California Regional Water Quality Control Board, Central Valley Region, (hereafter Board) finds that:

1. The Golden Hills Country Club, Inc., (hereafter Reclaimer) has filed a Report of Wastewater Reclamation with the Regional Board pursuant to Section 13522.5 of the California Water Code.
2. The Reclaimer will use treated effluent from a proposed new wastewater treatment plant serving the Golden Hills Community Service District for golf course irrigation in Section 18, T32S, R33E, MDB&M.
3. The Department of Health Services has established statewide reclamation criteria (Title 22, Division 4, Chapter 3, of the California Administrative Code) for the use of reclaimed wastewater.
4. Wastewater for reclamation use is to be supplied by the Golden Hills Community Services District and will be treated to such a degree that, under the provisions of Title 22, Division 4, Chapter 3, of the California Administrative Code, it will be suitable for golf course irrigation.
5. The Board has consulted with the Department of Health Services and received its recommendations regarding public health aspects of treated wastewater disposal.
6. The Board has notified the user and interested persons of its intent to prescribe a wastewater reclamation permit for the proposed use.
7. The Board, in a public meeting, heard and considered all comments pertaining to the use of these reclaimed wastewaters.

IT IS HEREBY ORDERED, that the Reclaimer shall comply with the following:

A. Specifications:

1. The direct use of reclaimed wastewater is limited to spray irrigation of the golf course.
2. The 30-day median number of coliform organisms in effluent used for irrigation storage and disposal on the golf course shall not exceed 23 per 100 ml and the maximum number of coliform organisms shall not exceed 240 per 100 ml.

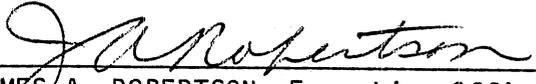

3. Treated wastewater contained in the storage pond located on the golf course shall be restricted to irrigation usage, precluding recreational usage or any contact whatsoever by the public.
4. There shall be no treated wastewater applied or impounded within 100 feet (30.5 m) of any domestic well.
5. The direct discharge of wastes to surface waters from the collection system or treatment and disposal facilities is prohibited.
6. The discharge of treated effluent within 100 feet of the property lines of any residence is prohibited.
7. Spray application of treated wastewater is prohibited for the period between 1 December and 30 April of each year. During the remainder of the year, application of treated wastewater is limited to those hours when the golf course is not in use.
8. There shall be no runoff of wastewater from the golf course to adjoining properties.
9. The reclaimed water piping system shall not be physically interconnected to any potable water piping systems.
10. Reclaimed wastewaters used for irrigation shall be managed to minimize erosion and prevent runoff.
11. The use of reclaimed wastewater shall not cause a nuisance or pollution as defined by the California Water Code, Section 13050.
12. The reclaimer shall provide an engineering report to assure compliance with all requirements and provisions pursuant to Title 22, Division 4 of the California Administrative Code, Article 7, Section 60323, including submittal of a golf course irrigation management plan.
13. Uses made of reclaimed wastewaters must comply with the provisions of Articles 2, 3, 4, and 5, Chapter 4, Division 4, Title 22, of the California Administrative Code and further the landowner or operator must obtain written approval from the Regional Board Executive Officer prior to use of reclaimed wastewater for uses other than those listed in Specification No. 1.

B. Provisions:

1. The Reclaimer shall comply with Monitoring and Reporting Program No. 81-123 as specified by the Executive Officer.
2. The Board will review this Order periodically and may revise the requirements when necessary.

3. In the event of any change in control or ownership of the Golden Hills Country Club, Inc., the Reclaimer shall notify this Board of such change and notify the succeeding owner or operator of the existence of this Order.

I, JAMES A. ROBERTSON, Executive Officer, do hereby certify the foregoing is a full, true, and correct copy of an Order adopted by the California Regional Water Quality Control Board, Central Valley Region, on 11 December 1981.
