

CALIFORNIA REGIONAL WATER QUALITY CONTROL BOARD  
CENTRAL VALLEY REGION

ORDER R5-2013-XXXX

RESCISSION OF

TIME SCHEDULE ORDER R5-2012-0073  
FOR  
MOUNTAIN HOUSE COMMUNITY SERVICES DISTRICT  
MOUNTAIN HOUSE WASTEWATER TREATMENT PLANT  
SAN JOAQUIN COUNTY

The California Regional Water Quality Control Board, Central Valley Region, (hereafter referred to as "Central Valley Water Board") finds that:

1. Mountain House Community Services District (Discharger) owns and operates the Mountain House Wastewater Treatment Plant (Facility) in San Joaquin County. The Facility was previously regulated under Waste Discharge Requirements (WDR) Order R5-2007-0039 (NPDES No. CA0084271).
2. WDR Order R5-2007-0039, contained Final Effluent Limitations IV.A.1.a, which read, in part, as follows:

**Table 6. Effluent Limitations – Discharge Point No. 001**

Parameter	Units	Effluent Limitations				
		Average Monthly	Average Weekly	Maximum Daily	Instantaneous Minimum	Instantaneous Maximum
Chlorodibromomethane	µg/L	0.56	--	1.1	--	--
Dichlorobromomethane	µg/L	0.41	--	0.82	--	--

3. The Central Valley Water Board acknowledged that the Discharger would not be able to immediately comply with effluent limitations for chlorodibromomethane and dichlorobromomethane contained within WDR Order R5-2007-0039, and on 3 August 2012, adopted Time Schedule Order (TSO) R5-2012-0073, which required full compliance with the final effluent limitations for chlorodibromomethane and dichlorobromomethane by 23 June 2017.
4. On 31 January 2013, the Central Valley Water Board adopted WDR Order R5-2013-0004 for the Facility and rescinded WDR Order R5-2007-0039. The new Order revised the final water quality-based effluent limitations for chlorodibromomethane and dichlorobromomethane. The Facility can immediately comply with the revised effluent limitations, therefore, a time schedule order is no longer needed.

5. The Central Valley Water Board has notified the Discharger and interested agencies and persons of its intent to rescind TSO R5-2012-0073, and has provided them with an opportunity for a public hearing and an opportunity for them to submit their written views and recommendations.
6. Issuance of this Order is exempt from the provisions of the California Environmental Quality Act (Public Resources Code section 21000 et seq.), in accordance with California Code of Regulations, title 14, section 15321, subdivision (a)(2).
7. The Central Valley Water Board, in a public meeting, heard and considered all comments and evidence pertaining to this matter.

**IT IS HEREBY ORDERED** that Time Schedule Order R5-2012-0073 is rescinded.

I, PAMELA C. CREEDON, Executive Officer, do hereby certify the foregoing is a full, true, and correct copy of an Order adopted by the California Regional Water Quality Control Board, Central Valley Region, on 11/12 April 2013.

---

PAMELA C. CREEDON, Executive Officer
