Subject: Endorsement of Greenaction comments; Request for Designated Party Status

On behalf of the Center on Race, Poverty & the Environment, please note our endorsement of the comments submitted by Greenaction. Additionally, the Center on Race, Poverty & the Environment requests to be added as a designated party for all proceedings related to the issuance of permits to the Kettleman Hills Facility. CRPE has worked on environmental justice issues related to the Kettleman Hills facility for over 20 years. The Tentative Order and WDRs for the facility have serious environmental justice implications; it is for this purpose the CRPE seeks designation as a party to the proceedings.

Thank you,

Ingrid Brostrom
