Re: Request for Additional Time at the December 4/5 Hearing for California Sprouts, LLC

Ladies and Gentlemen:

Somach Simmons & Dunn represents California Sprouts, LLC (California Sprouts) in the matter of Administrative Civil Liability Complaint R5-2014-0561 for Assessment of Mandatory Minimum Penalties. On its behalf, we have reviewed the Hearing Procedures, and have no objections to such procedures. However, California Sprouts does request additional time at the hearing to properly present its case, and to respond to the Prosecution Team's case.

Accordingly, rather than the allotted "combined" time of 30 minutes, California Sprouts respectfully requests a "combined" time of 45 minutes. This combined time would include our presentation of evidence, cross-examination of witnesses (if necessary), and time for a closing statement.

Thank you for your consideration.

Sincerely,
