I read part of the report, "Options for Implementation of a Statewide Low-Income Rate Assistance Program", when I realized that I rent; and do not pay water bills, but it is a big PART of my rent, and this does not solve the problem, for many "low income" people do not pay water bills direct, and DO rent. I am a senior, on SS, with no other means of income, so please tell me how you are going to help me and other seniors. Period. Sounded great, the part I read, but it will not do anything for me.
