PUBLIC HEARING

concerning

Consideration of Revised Water Recycling Requirements
for

**GRIZZLY CREEK GOLF LLC
GRIZZLY CREEK GOLF COURSE IRRIGATION
PLUMAS COUNTY**

The Grizzly Creek Golf, LLC (hereafter User), owns an 18-hole golf course (hereafter Use Area) referred to as the Grizzly Creek Golf Course proposes to recycle disinfected tertiary recycled water from the Grizzly Ranch Community Services District (GRCSA), hereafter (Producer). The Producer owns and operates a wastewater collection system (sewer system) and wastewater treatment plant (Plant), and provides sewer service to domestic and commercial users within the GRCSA. As part of the wastewater treatment and disposal process, the Producer will also produce tertiary treated recycled water that can be used for golf course irrigation.

The Producer's facility is located near the southwest boundary of the property in the GRCSA. The facility includes a Sequencing Batch Reactor (SBR) for removal of BOD, TSS, and nitrogen. The California Department of Health Services (DHS), Division of Drinking Water, has reviewed specifications for the SBR, as well as other items critical to compliance with recycling requirements as required in the California Code of Regulations, Title 22 CCR. Additionally, the facility has multimedia filters for additional removal of BOD, TSS, and turbidity, in preparation for disinfection to meet the recycled water requirements of Title 22 for tertiary quality recycled wastewater.

The Producer's Plant has a design average dry weather flow of 0.08 mgd. Treated effluent from the Plant is discharged to Big Grizzly Creek during the winter. The Plant is designed to provide tertiary treatment with average concentrations of BOD less than 10 mg/L; and average suspended solids less than 10 mg/L. The Plant is regulated under Waste Discharge Requirements Order No. R5-2005-0170 (NPDES No. CA0085162).

The hearing on this matter scheduled for 26 October 2006 has been rescheduled to the Central Valley Regional Water Quality Control Board (Regional Board) meeting of 25/26 January 2007. The written comment period for this agenda item ended on 22 October 2006 and no more written comments will be accepted. Interested persons will have an opportunity to make oral comments at the 25/26 January 2007 meeting. Revisions made as a result of the comment period are shown in the WDR in redline/strikeout. Documents relevant to this matter will be available by 26 December 2006 from the Regional Board's Internet website at <http://www.waterboards.ca.gov/centralvalley/tentative/>. After 26 December 2006, the proposed item and related documents may be inspected and copied at

the Regional Board's office at 415 Knollcrest Drive, Suite 100, Redding, California, weekdays between 8:00 a.m. and 5:00 p.m.
