All attachments included with Annual Report should include dairy name and address

1. Report Period: January 1, 2008 to December 31, 2008

2. Annual Dairy Facility Assessment (ADFA)

Were there or will there be any changes to the information provided in your Preliminary Dairy Facility Assessment (PDFA) or Annual Dairy Facility Assessment from the last assessment submitted. This includes any changes or proposed changes included in the Proposed Interim Facility Modification to Balance Nitrogen and to Improve Storage Capacity, if submitted.

Yes, [you must complete and include the ADFA (an updated PDFA) with your Annual Report. The ADFA (the updated PDFA) should be completed assuming that all proposed interim modifications have been completed.]

No (You do not need to complete or submit the ADFA)

3. Number and Type of Animals (complete Attachment A and attach)

4. Estimated Amount of Total Manure, Process Wastewater, and Nutrients Generated (complete Attachment A and attach)

5. Estimated Amount of Total Manure, Process Wastewater, and Nutrients Applied to each land application area (Complete Attachments A-1 or A-2, depending on data reporting format (% moisture or density), and A-3, and attach).

6. Estimated Amount of Total Manure, Process Wastewater, and Nutrients Transferred to Other Persons (Complete Attachment L and attach).

Refer to item #13 below to attach copies of individual manifests.

7. Land Application Area Description (complete table in #8 below and attach).
