Re: Cleanup and Abatement Order dated June 11, 2012
Reeve Road Heifer Ranch
21070 Reeve Road
Tracy, CA 95304

Please accept this letter as my request to extend the deadline for work required to remove my facility from the General Order. Originally, the date stated on the Cleanup and Abatement Order dated June 11, 2012 was June 29th, 2012. I am requesting that the deadline for completion of the required work be extended to October 15, 2012. The reason is that there are no farmers willing to accept manure until they are able to apply it, which will be after the corn is harvested.

Sincerely,

Henry Tosta 7-23-12
