Item	Page	Date	PDF File #	Record pdf	From	Position	To	Position	cc's	Subject	Source	Comments
1	1	19-Sep-1915	16304.21	1915-09-19.pdf	Hart, V.A.	Engineer, ISRC	Wraith, Wm.	General Manager, ISRC	None	Report on Walker Mine	Anaconda Geological Documents Collection	Inspection of the Walker Mine for ISRC. Hart makes recommendations on purchasing partial control of the WMC. Letterhead of report indicates Hart is an employee of ISRC. University of Missouri alumni directory (Vol 16, No. 20) says that Hart is employed as engineer with ISRC.
2	14	17-Nov-1915	16304.26	1915-11-17.pdf	Hart, V.A.	Engineer, ISRC	Wraith, Wm.	General Manager, ISRC	None	Report on Walker Mine	Anaconda Geological Documents Collection	Recommendations for ISRC purchasing control of the WMC stock. "Under these options we are to have the privilege of prosecuting the property as we see fit, i.e. the Walker Mining Company is to do this work for us at a cost not to exceed ..."
3	28	30-Dec-1919	219.05	1919-12-30.pdf	Hazen, J.S.	Superintendent, Walker Mining Company	Gidel, M.H.	Assistant Chief Geologist, Anaconda	None	Walker Mine Maps and Sections	Anaconda Geological Documents Collection	Acknowledges receipt of 100-scale map and sections for the Walker Mine. Reports latest drill hole and work of the last few weeks to ACMC.
4	29	1-Oct-1920	16304.10	1920-10-01.pdf	Gidel, M.H.	Assistant Chief Geologist, Anaconda			None	Report on Walker Mine	Anaconda Geological Documents Collection	Gidel's report covers recent developments on new work at the Walker Mine since his previous report in December 1919. Gidel makes specific recommendations for further development on the Lower level of the Walker Mine.
5	34	2-Aug-1922	MHS	1922-08-02.pdf	Morrow, Bayard S.	Supt of Concentration, Anaconda Smelter			None	Recommendations for increasing Capacity of Walker Mine Concentrator.	Montana Historical Society	Overview of how Walker Mine's operations can be improved.
6	49	31-Aug-1922	MHS	1922-08-31.pdf	Wraith, William	General Manager, Anaconda Smelter	Laist, Frederick	Manager, Anaconda	Elton	Walker Mill	Montana Historical Society	Mr. Kelly and I have had some discussion as to the refinancing (WMC) in order that we might get our money back...
7	51	4-Nov-1922	MHS	1922-11-04.pdf	Torkelson, F.C.	WMC	Laist, Frederick	Manager, Anaconda	None	Modification of Walker Mine Concentrator.	Montana Historical Society	Detailed report on modifications of Walker Mine concentrator, including Torkelson referencing the recommendations he gave to Elton re: Walker Mine.
8	54	11-Jan-1923	MHS	1923-01-11.pdf	Larsen, L.E.	Asst. Electrical Supt, Washoe Works	Morrow, B.S.	Superintendent of Concentration, Washoe	None	Walker Mine Power Contract	Montana Historical Society	Review of power contract for the Walker Mine along with recommendations for better evaluating the contract charges.
9	58	12-Jan-1923	MHS	1923-01-12.pdf	Morrow, Bayard S.	Supt of Concentration, Anaconda Smelter	Laist, Frederick	Manager, Anaconda	Tanner, Forsyth	Walker Mine Power Contract	Montana Historical Society	Review of Walker Mines power contract with detailed recommendations on contents of the contract.
10	61	1-May-1923	16202.01	1923-05-01_1.pdf	Billingsley, Paul	Geologist, Anaconda Geological Dept.	Hart, V.A.	Manager WMC	None	Mine Development Work	Anaconda Geological Documents Collection	Excerpts from a letter from Billingsley (ACMC/ISRC) to Hart (WMC) which makes specific recommendations for mine development work at the Walker Mine. ACMC/ISRC directing mine development at WMC.
11	63	1-May-1923	16304.misc	1923-05-01_2.pdf	Billingsley, Paul	Geologist, Anaconda Geological Dept.	Hart, V.A.	Manager WMC	None	Mine Development Work	Anaconda Geological Documents Collection	Very detailed report in which Billingsley shows that Hart is mining the very best ore (highgrading) which will leave only lower grade ore to be mined later. Billingsley recommends that it is therefore essential that development work be vigorously pushed to find new reserves.
12	78	3-May-1923	16304.03	1923-05-03.pdf	Billingsley, Paul	Geologist, Anaconda Geological Dept.	Elton, J.O	Manager ISRC	None	Estimate of Future Operations	Anaconda Geological Documents Collection	Detailed report from Billingsley (ACMC/ISRC) to Elton (ISRC) discussing tonnage and grade of ore remaining in the Walker Mine.
13	98	30-Jul-1923	MHS	1923-07-30.pdf	Whitehill, J.B.	Purchasing Agent & Director WMC	Hart, V.A.	Manager WMC		Freight Charges on Concentrates	Montana Historical Society	Note the letterhead, Inter Departmental Correspondence from the Salt Lake Offices of ISRC, Anaconda, TVRC, and WMC. Found similar letterhead at Plumas County Museum.
14	99	14-Sep-1923	16202.01	1923-09-14.pdf	Billingsley, Paul	Geologist, Anaconda Geological Dept.	Elton, J.O	Manager ISRC	None	Mine Development Recommendations	Anaconda Geological Documents Collection	Billingsley (ISRC/ACMC) reviews six recommendations for the Walker Mine made by Murl Gidel (ACMC) and sends them on to Elton (ISRC). Billingsley, approves 5 of the 6 recommendations. ACMC directing mine development work at Walker Mine.
15	108	20-Sep-1923	16201.01	1923-09-20.pdf	Sales, Reno	Chief Geologist Anaconda, 1906-1946	Billingsley, Paul	Geologist, Anaconda Geological Dept.	None	Problems with V.A. Hart	Anaconda Geological Documents Collection	Revealing letter in that it shows how the ACMC structure is being upset by actions of the manager of its subsidiary.
16	112	12-Oct-1923	16202.01	1923-10-12.pdf	Billingsley, Paul	Geologist, Anaconda Geological Dept.	Hart, V.A.	Manager WMC	None	Mine Development Recommendations	Anaconda Geological Documents Collection	Detailed description of mine development recommendations. ACMC is providing highly specialized geological services for WMC. Note authorization to proceed.
17	123	12-Dec-1923	16202.01	1923-12-12.pdf	Billingsley, Paul	Geologist, Anaconda Geological Dept.	Elton, J.O	Manager ISRC	None	WMC Development Recommendations	Anaconda Geological Documents Collection	Detailed description of mine development recommendations. ACMC is providing highly specialized geological services for WMC.
18	125	18-Jan-1924	16201.01	1924-01-18.pdf	Elton, J.O.	Manager ISRC	Hart, V.A.	Manager WMC	Billingsley	Geological Recommendations	Anaconda Geological Documents Collection	Telegram from Elton (ISRC/WMC) to Hart (WMC) directing that ACMC Geological recommendations are to be carried out as directed by Billingsley (ISRC/ACMC).
19	126	5-Mar-1924	16202.01	1924-03-05_1.pdf	Billingsley, Paul	Geologist, Anaconda Geological Dept.	Memo		None	Mine Development Work	Anaconda Geological Documents Collection	Detailed description of mine status and recommendations for development work.
20	130	5-Mar-1924	16304.05	1924-03-05_2.pdf	Billingsley, Paul	Geologist, Anaconda Geological Dept.				Situation and Recommendations for Development Work	Anaconda Geological Documents Collection	Detailed report by Billingsley (ISRC/ACMC) on progress of development work and recommendations for further development work at the Walker Mine. The cross-section on the last page shows areas of the mine that have been stoped (mined out).
21	137	1-Apr-1924	16202.01	1924-04-01.pdf	Billingsley, Paul	Geologist, Anaconda Geological Dept.	Wraith, William	VP WMC, VP Anaconda	None	WMC Development Work	Anaconda Geological Documents Collection	Billingsley (ISRC/ACMC) approves plan and provides specific direction to Wraith (ACMC and WMC) for mine development work.
22	140	25-Oct-1924	16201.01	1924-10-25.pdf	Sales, Reno	Chief Geologist Anaconda, 1906-1946	Wraith, William	VP WMC, VP Anaconda	Lyon	Operations at Walker Mine	Anaconda Geological Documents Collection	Sales informs Wraith (ACMC) that Geological Department's recommendations not being followed at Walker, thus the geological department should not be held responsible for work.
23	143	12-Nov-1924	16201.01	1924-11-12.pdf	Wraith, William	VP WMC, VP Anaconda	Lyon, Tom	Chief Geologist ISRC	Greninger, Elton	Accounting Matters at Walker Mine	Anaconda Geological Documents Collection	Wraith (ACMC) tells Lyon who the proper person is to talk to re: accounting for Walker Mine.
24	144	24-Nov-1924	16201.01	1924-11-24.pdf	Sales, Reno	Chief Geologist Anaconda, 1906-1946	Wraith, William	VP WMC, VP Anaconda	None	Walker Mine Development	Anaconda Geological Documents Collection	Sales informs Wraith (ACMC) Sales and Billingsley's plan for Walker Mine. Gives his own opinions on mine development with extensive detail on the mine's operations and geology.
25	147	18-Dec-1924	16204.01	1924-12-18.pdf	Hunter, A.D.	Cashier, ACMC & ISRC	Dwyer, R.E.	General Auditor, ACMC	Sales	Discovery Date	Anaconda Geological Documents Collection	Hunter (ISRC & ACMC) is requesting that Greninger (WMC) prepare maps to be used by ACMC in establishing the discovery date for WMC. ACMC directing activities of WMC.
26	148	21-Dec-1924	16204.01	1924-12-21.pdf	Sales, Reno	Chief Geologist Anaconda, 1906-1946	Dwyer, R.E.	Anaconda accounting department	Hunter	Discovery Date	Anaconda Geological Documents Collection	Discussion of the discovery date in which the Walker Mine changed from a development proposition to an operating mine.
27	153	29-Apr-1925	16204.01	1925-04-29.pdf	Sales, Reno	Chief Geologist Anaconda, 1906-1946	Wraith, William	VP WMC, VP Anaconda	Elton	Walker Mine Development	Anaconda Geological Documents Collection	Sales writes to Wraith (ACMC) discussing ore reserves and recommending specific development work to be done at Walker Mine.
28	156	1-May-1925	16201.01	1925-05-01.pdf	Sales, Reno	Chief Geologist Anaconda, 1906-1946	Wraith, William	VP WMC, VP Anaconda	None	Walker Mine Development	Anaconda Geological Documents Collection	Sales gives specific instructions on how mining should proceed at the 600 foot level at Walker Mine (last sentence).
29	157	5-May-1925	16204.01	1925-05-05.pdf	Wraith, William	VP WMC, VP Anaconda	Sales, Reno	Chief Geologist Anaconda, 1906-1945	None	Walker Mine Development	Anaconda Geological Documents Collection	Wraith (ACMC) asks Sales to transmit instructions to Lyon (ISRC) re: work in the north ore body at Walker Mine. Letter also shows chain of command for Walker Mine, i.e., Sales (ACMC) to Lyon (ISRC) to Tunnell (WMC).
30	158	12-May-1925	16201.01	1925-05-12.pdf	Sales, Reno	Chief Geologist Anaconda, 1906-1946	Lyon, Tom	Chief Geologist ISRC	None	Development at Walker Mine	Anaconda Geological Documents Collection	Sales asks Lyon to tell/write Tunnell (WMC) and convey Wraith's (ACMC) request for the North Ore body to be developed at Walker Mine.
31	159	25-May-1925	16201.01	1925-05-25.pdf	Lyon, Tom	Chief Geologist ISRC	Sales, Reno	Chief Geologist Anaconda, 1906-1946	None	Development Work at Walker Mine	Anaconda Geological Documents Collection	I returned from the Walker Mine yesterday. While there, Mr. Tunnell and myself wrote Mr. Wraith a joint letter outlining the development work needed to open up the north ore body...
32	160	6-Jul-1925	16201.01	1925-07-06_1.pdf	Sales, Reno	Chief Geologist Anaconda, 1906-1946	Tunnell, H.R.	Manager, Walker Mine	None	Walker Mine Mineral Discovery	Anaconda Geological Documents Collection	Sales details specific recommendations for sampling and establishing validity of Dolly Creek mining claims for WMC. ACMC directing work at Walker.
33	162	6-Jul-1925	16203.01	1925-07-06_2.pdf	Sales, Reno	Chief Geologist Anaconda, 1906-1946	Wraith, William	VP WMC, VP Anaconda	None	Walker Mine's Geology	Anaconda Geological Documents Collection	Sales details specific recommendations for sampling and establishing validity of Dolly Creek mining claims for WMC. ACMC directing work at Walker.
34	171	20-Jul-1925	16202.01	1925-07-20.pdf	Sales, Reno	Chief Geologist Anaconda, 1906-1946	Thayer, B.B.	Vice President, Anaconda	Wraith, Elton	Mine Development Work	Anaconda Geological Documents Collection	Sales details specific recommendations of development work at Walker Mine after his recent site visit to Thayer (VP, ACMC).
35	174	31-Jul-1925	16202.01	1925-07-31.pdf	Thayer, B.B.	Vice President, Anaconda	Elton, J.O	Manager, ISRC	None	Confidential Correspondence	Anaconda Geological Documents Collection	Thayer (ACMC) requesting that Elton share the contents of Sales letter (20 July 1925) with Lyon, but not to take action until Thayer has a chance to take it up with Wraith (ACMC).
36	175	12-Aug-1925	16202.01	1925-08-12.pdf	Wraith, William	VP WMC, VP Anaconda	Tunnell, H.R.	Manager, Walker Mine	None	Development Work Recommendations	Anaconda Geological Documents Collection	Wraith (ACMC) indicates that he wants Tunnell to follow the recommendations of Sales of which Mr. Wraith is in agreement.

Prosecution Team Exhibit 1: Relevant Document Index Walker Mine Tailings CAO R5-2013-XXXX and Walker Mine CAO R5-2013-YYYY Plumas County Atlantic Richfield and United States Forest Service												
Item	Page	Date	PDF File #	Record pdf	From	Position	To	Position	cc's	Subject	Source	Comments
37	176	19-Aug-1925	16202.01_4	1925-08-19.pdf	Tunnell, H.R.	Manager, Walker Mine	Wraith, William	VP WMC, VP Anaconda	Thayer, Elton, Lyon	Recommended Development Work	Anaconda Geological Documents Collection	Tunnell (WMC) informs Wraith (ACMC) that 3 of the 4 recommendations made by Sales will be implemented.
38	178	20-Aug-1925	16202_01	1925-08-20.pdf	Lyon, Tom	Chief Geologist ISRC	Wraith, William	VP WMC, VP Anaconda	None	Mine Development Work	Anaconda Geological Documents Collection	The Walker Mine development work suggested by Mr. Sales is considerably behind. ISRC/ACMC directing the mine development work at Walker Mine.
39	180	25-Aug-1925	16202_01	1925-08-25.pdf	Tunnell, H.R.	Manager, Walker Mine	Lyon, Tom	Chief Geologist ISRC	None	Mine Development Work	Anaconda Geological Documents Collection	Discussing shaft sinking. Tunnell (WMC) writes that we should start as soon as recommendations are received from your department. WMC is dependent on the decisions of ISRC/ACMC.
40	181	27-Aug-1925	16202.01	1925-08-27.pdf	Tunnell, H.R.	Manager, Walker Mine	Lyon, Tom	Chief Geologist ISRC	Wraith	Proposed Location of Shaft and Winze	Anaconda Geological Documents Collection	Tunnell (WMC) discusses location of proposed shaft and winze. Tunnell looking to Lyon (ISRC) for approval of the location. ISRC/ACMC managing and directing activities at Walker Mine.
41	182	28-Aug-1925	16202.01	1925-08-28.pdf	Lyon, Tom	Chief Geologist ISRC	Tunnell, H.R.	Manager, Walker Mine	None	Proposed Location of Shaft and Winze		Lyon (ISRC) writes to Tunnell (WMC), I think my letter of August 25th will give you the authority to proceed with the winzes as you are able. ISRC directing activities at Walker Mine.
42	183	11-Sep-1925	16202.01	1925-09-11.pdf	Tunnell, H.R.	Manager, Walker Mine	Wraith, William	VP WMC, VP Anaconda	Thayer, Elton, Lyon	Proposed Location of Shaft and Winze	Anaconda Geological Documents Collection	Tunnell (WMC) discusses location of proposed shaft and winze. Tunnell says that he will have the opportunity to talk the matter over with Mr. Daly (ACMC) and Mr. Thayer (ACMC) before they start.
43	184	22-Sep-1925	16201.01	1925-09-22.pdf	Lyon, Tom	Chief Geologist ISRC	Billingsley, Paul	Geologist, Anaconda Geological Dept.	None	Walker Mine Status Update	Anaconda Geological Documents Collection	Lyon gives Billingsley (ISRC/ACMC) update on conditions at Walker Mine following his year of absence.
44	187	29-Sep-1925	16202.01	1925-09-29.pdf	Lyon, Tom	Chief Geologist ISRC	Tunnell, H.R.	Manager, Walker Mine	None	Mine Development Work	Anaconda Geological Documents Collection	Lyon (ISRC) writing to Tunnell (WMC), "Mr. Billingsley is now back and will visit the Walker mine next week and will take up the matter of development work at that time. During the interval you are authorized to drift north and south on the ore disclosed by crosscut 647S. Crosscutting will be recommended by Mr. Billingsley."
45	188	30-Sep-1925	16201.01	1925-09-30.pdf	Billingsley, Paul	Geologist, Anaconda Geological Dept.	Daly, Wm. B.	Manager of Mines, Anaconda	Wraith, Sales, Elton	Recommended Development Work	Anaconda Geological Documents Collection	Detailed recommendations for development and operation of the Walker Mine.
46	194	2-Oct-1925	16202.01	1925-10-02.pdf	Tunnell, H.R.	Manager, Walker Mine	Lyon, Tom	Chief Geologist ISRC	None	Mine Development Work	Anaconda Geological Documents Collection	Tunnell (WMC) acknowledges receipt of Lyon's (ISRC) letter authorizing a drift north and south on the ore disclosed by Crosscut West No. 647s.
47	195	27-Oct-1925	16201.01	1925-10-27.pdf	Billingsley, Paul	Geologist, Anaconda Geological Dept.	Daly, Wm. B.	Manager of Mines, Anaconda	Kelley, Wraith, Sales, Elton	Walker Mine Development Costs	Anaconda Geological Documents Collection	Billingsley (ISRC/ACMC) giving Daly (ACMC) a recommendations for tracking costs of each ore body at the Walker Mine. ACMC involved in day-to-day operations.
48	197	31-Oct-1925	16201.01	1925-10-31.pdf	Daly, Wm. B.	Manager of Mines, Anaconda	Billingsley, Paul	Geologist, Anaconda Geological Dept.	None	Walker Mine Stope Costs	Anaconda Geological Documents Collection	Daly (ACMC) wants costs kept separately for each ore body as is being done at our mines in Butte. ACMC involved in day-to-day operations.
49	199	3-Nov-1925	16201.01	1925-11-03.pdf	Daly, Wm. B.	Manager of Mines, Anaconda	Billingsley, Paul	Geologist, Anaconda Geological Dept.	None	Copies of Correspondence	Anaconda Geological Documents Collection	Daly (ACMC) and Thayer (ACMC) want to control the flow of information concerning Walker Mine and ask that all geological information re: Walker Mine be sent to Sales and correspondence between you and me concerning operation of the mine...
50	201	5-Nov-1925	16201.01	1925-11-05.pdf	Billingsley, Paul	Geologist, Anaconda Geological Dept.	Daly, Wm. B.	Manager of Mines, Anaconda	Sales	Recommended Development Work	Anaconda Geological Documents Collection	Discussion of the stoping costs at Walker Mine. ACMC involved in day-to-day operations.
51	202	22-Jan-1926	16201.01	1926-01-22.pdf	Sales, Reno	Chief Geologist Anaconda, 1906-1946	Billingsley, Paul	Geologist, Anaconda Geological Dept.	None	Condition of Walker Mine	Anaconda Geological Documents Collection	Sales indicates that Daly (ACMC) is deciding factor in mine development, and urges that his recommendations are followed due to the nature of the mine's current ore bodies.
52	205	4-Feb-1926	16202_01	1926-02-04.pdf	Tunnell, H.R.	Manager, Walker Mine	Billingsley, Paul	Geologist, Anaconda Geological Dept.	None	Mine Development Work	Anaconda Geological Documents Collection	Tunnell (WMC) informing Billingsley (ACMC) that development work is being done with approval of Daly (ACMC). ACMC directing work at Walker Mine.
53	206	9-Feb-1926	16202.01	1926-02-09.pdf	Sales, Reno	Chief Geologist Anaconda, 1906-1946	Billingsley, Paul	Geologist, Anaconda Geological Dept.	None	Mine Development Recommendations	Anaconda Geological Documents Collection	Sales directs the diamond drilling at Walker Mine and states that Daly (ACMC) has written Kelley (ACMC) making recommendations and Kelley has authorized work.
54	209	1-Mar-1926	16201.01	1926-03-01.pdf	Sales, Reno	Chief Geologist Anaconda, 1906-1946	Billingsley, Paul	Geologist, Anaconda Geological Dept.	None	Mine Development Recommendations	Anaconda Geological Documents Collection	Sales writes that recommendations must go through Daly (Manger of Mines, ACMC).
55	211	3-Mar-1926	16201.01	1926-03-03.pdf	Daly, Wm. B.	Manager of Mines, Anaconda	Billingsley, Paul	Geologist, Anaconda Geological Dept.	None	Mine Development Recommendations	Anaconda Geological Documents Collection	Letter from Daly (ACMC) indicates that he and Sales will go over the recommendations for Walker Mine development and then give direction.
56	212	6-Mar-1926	16201.01	1926-03-06.pdf	Sales, Reno	Chief Geologist Anaconda, 1906-1946	Billingsley, Paul	Geologist, Anaconda Geological Dept.	None	Day-to-Day Operations	Anaconda Geological Documents Collection	Letter from Sales indicates that Anaconda is directing day-to-day operations at WMC.
57	213	29-Mar-1926	16201.01	1926-03-29.pdf	Billingsley, Paul	Geologist, Anaconda Geological Dept.	Daly, Wm. B.	Manager of Mines, Anaconda	Sales	Mine Development Work	Anaconda Geological Documents Collection	Billingsley (ISRC/ACMC) giving Daly (ACMC) a detailed description of his recommendations for mine development work at the Walker Mine.
58	217	31-Mar-1926	16202.01	1926-03-31.pdf	Billingsley, Paul	Geologist, Anaconda Geological Dept.	Tunnell, H.R.	Manager, Walker Mine	None	Drilling Hole B	Anaconda Geological Documents Collection	Billingsley (ISRC/ACMC) giving Tunnell (WMC) approval to move hole B south of dike and that it will not be necessary to deepen hole A. ISRC/ACMC directing WMC.
59	218	14-Apr-1926	16202_01	1926-04-14_1.pdf	Tunnell, H.R.	Manager, Walker Mine	Billingsley, Paul	Geologist, Anaconda Geological Dept.	None	Telegram, Drilling Hole D	Anaconda Geological Documents Collection	Tunnell asking for direction from Billingsley on when to stop drilling on Hole D.
60	219	14-Apr-1926	16202_01	1926-04-14_2.pdf	Billingsley, Paul	Geologist, Anaconda Geological Dept.	Tunnell, H.R.	Manager, Walker Mine	None	Drilling Hole D	Anaconda Geological Documents Collection	Billingsley (ISRC/ACMC) directing Tuinnell (WMC), "You may stop Hole D and move to new set up." ISRC/ACMC directing WMC.
61	220	16-Apr-1926	16202.01	1926-04-16.pdf	Billingsley, Paul	Geologist, Anaconda Geological Dept.	Tunnell, H.R.	Manager, Walker Mine	None	Drilling	Anaconda Geological Documents Collection	Billingsley (ISRC/ACMC) writing to Tunnell (WMC) asking him to comply with Mr. Daly's (ACMC) request on Hole D. Daly wants Hole D extended to one thousand feet stop. I see no objection to complying with his wish in this matter.
62	221	24-May-1926	16202.01	1926-05-24.pdf	Tunnell, H.R.	Manager, Walker Mine	Billingsley, Paul	Geologist, Anaconda Geological Dept.	None	Mine Development Work	Anaconda Geological Documents Collection	Tunnell (WMC) to Billingsley (ISRC/ACMC), "Subject to your approval we are starting a crosscut west from the present face of 699 Drift North." WMC is not independent of ISRC/ACMC.
63	222	31-May-1926	16202.01	1926-05-31.pdf	Tunnell, H.R.	Manager, Walker Mine	Billingsley, Paul	Geologist, Anaconda Geological Dept.	None	Drilling Hole D	Anaconda Geological Documents Collection	Tunnell (WMC) telegram to Billingsley (ISRC/ACMC) asking for permission to stop drilling Hole D. Daly (ACMC) agrees to discontinue if Billingsley approves.
64	223	1-Jun-1926	16202.01	1926-06-01.pdf	Billingsley, Paul	Geologist, Anaconda Geological Dept.	Tunnell, H.R.	Manager, Walker Mine	None	Drilling Hole D	Anaconda Geological Documents Collection	Telegram from Billingsley (ISRC/ACMC) providing approval to stop drilling Hole D.
65	224	2-Jun-1926	16202_01	1926-06-02.pdf	Billingsley, Paul	Geologist, Anaconda Geological Dept.	Tunnell, H.R.	Manager, Walker Mine	None	Mine Development Work	Anaconda Geological Documents Collection	Billingsley (ACMC) approving WMC plan for a crosscut west from the face of the 699 Drift north.
66	225	29-Jun-1926	16203.01	1926-06-29.pdf	Tunnell, H.R.	Manager, Walker Mine	Van Cott	Attorneys for Walker Mining Company	Daly, Elton, Wolfe	Status of Walker Mine Patent application	Anaconda Geological Documents Collection	Refers to a number of Mr. Sales recommendations regarding specific mining claims should be addressed in the patent application.
67	226	7-Aug-1926	16202.01	1926-08-07.pdf	Billingsley, Paul	Geologist, Anaconda Geological Dept.	Elton, J.O	Manager, ISRC and Director & VP WMC	None	Mine Development Work	Anaconda Geological Documents Collection	Billingsley (ACMC) writing to Elton (ISRC) approving Walker Mine development work.
68	230	15-Sep-1927	16203.01	1927-09-15.pdf	A.D. Hunter	Cashier,	Geisendorfer, H.	Manager, Walker Mine	None	Publication of the Walker Mine Patent Application	Anaconda Geological Documents Collection	Mr. Sales recommendation will be carried out by the exchange of land with the Forest Service. Mr. Sales instructions to make enough lode locations to cover the mill and all buildings ... have been carried out.
69	233	12-Apr-1928	MHS	1928-04-12.pdf	Elton, J.O.	Manager, ISRC and Director & VP WMC	Thayer, B.B.	Vice President, Anaconda	Laist	Walker Ore Contract	Montana Historical Society	Contract for copper ores and copper concentrates between ISRC and WMC. Note letterhead and reference to Mr. Kelly.

General Supt of Mines, ISRC	Weed, Clyde	General Manager of Mines, Anaconda	Elton	Development Work Memorandum	Anaconda Geological Documents Collection	Dugan transmits the October 18, 1939 memorandum to Weed and emphasizes that the work is following Mr. Sales recommendations.
199	472	10-Nov-1939	16204.01	1939-11-10.pdf	Lyon, Tom	Chief Geologist ISRC	Droubay, S.K.	Mine Geologist WMC	None	Telegram	Anaconda Geological Documents Collection	Telegram in which Lyon states, "Do not believe Sales intended long footwall drill hole as hole No.16 from 600 south has covered that area. Do not drill beyond mineralization found in footwall."
200	473	11-Nov-1939	16204.01	1939-11-11.pdf	Droubay, S.K.	Mine Geologist WMC	Lyon, Tom	Chief Geologist ISRC	Sales, Dugan	Update on Mine Development Work	Anaconda Geological Documents Collection	Droubay updates Lyon on development drilling. Droubay states that, "in Mr. Sales letter to Mr. Dugan dated September 13, 1939 wherein he and you reconsider drilling for Walker, Hole No. 30 was to be driven west..."
201	474	14-Nov-1939	220.00	1939-11-14_1.pdf	Droubay, S.K.	Mine Geologist WMC	Sales, Reno	Chief Geologist Anaconda, 1906-1945	None	Telegram	Anaconda Geological Documents Collection	Droubay telegrams Sales at Anaconda's office in New York notifying him of drilling problems. Requests permission to extend Hole 29 and also a hole south of Hole 31. Droubay notes that he has also wired Lyons.
202	475	14-Nov-1939	220.00	1939-11-14_2.pdf	Droubay, S.K.	Mine Geologist WMC	Sales, Reno	Chief Geologist Anaconda, 1906-1945	None	Telegram	Anaconda Geological Documents Collection	Droubay sends a second copy of the telegram to Sales Anaconda office in Butte, Montana.
203	476	15-Nov-1939	16204.01	1939-11-15.pdf	Sales, Reno	Chief Geologist Anaconda, 1906-1946	Droubay, S.K.	Mine Geologist WMC	None	Telegram	Anaconda Geological Documents Collection	Sales responds to Droubay's telegram, saying "Discontinue surface drilling. Will advise on suggested drilling when sketch arrives."
204	477	16-Nov-1939	220.00	1939-11-16.pdf	Sales, Reno	Chief Geologist Anaconda, 1906-1946	Droubay, S.K.	Mine Geologist WMC	Weed, Dugan, Lyon	Telegram	Anaconda Geological Documents Collection	Sales directing Walker where to drill. "Approve drilling recommendations your telegram of November 14th. Suggest hole next south of number 31..."
205	478	18-Nov-1939	16204.01	1939-11-18.pdf	Droubay, S.K.	Mine Geologist WMC	Sales, Reno	Chief Geologist Anaconda, 1906-1945	Lyon, Dugan	Mine Development Work	Anaconda Geological Documents Collection	The last part of your wire of November 16 was mixed up a little but I took it that you wanted a more complete picture..." Droubay asking for direction on mine development work from Sales.
206	479	20-Nov-1939	220.01	1939-11-20.pdf	Lyon, Tom	Chief Geologist ISRC	Sales, Reno	Chief Geologist Anaconda, 1906-1945	Weed, Dugan	Mine Development Work	Anaconda Geological Documents Collection	Lyon is seeking advice re: an idea for development at Walker Mine from Sales, and asks that Sales directly inform the mine of any further instructions.
207	480	21-Nov-1939	220.01	1939-11-21.pdf	Sales, Reno	Chief Geologist Anaconda, 1906-1946	Droubay, S.K.	Mine Geologist WMC	Weed, Dugan, Lyon	Mine Development Work	Anaconda Geological Documents Collection	Sales instructs Droubay on drilling additional holes and how it should be done. Sales says, "I have discussed this with Mr. Weed and we think another hole should be drilled..."

266	554	5-Feb-1941	302.01	1941-02-05.pdf	Weed, Clyde	General Manager of Mines, Anaconda	Dugan, J.F.	General Supt of Mines, ISRC	Sales	Mine Development Work	Anaconda Geological Documents Collection	Weed authorizing development work on 600 raise before doing any work on the 700.
267	555	7-Feb-1941	16202.02A	1941-02-07.pdf	Droubay, S.K.	Mine Geologist, WMC	Sales, Reno	Chief Geologist Anaconda, 1906-1945	Lyon, Weed, Dugan	Mine Development Work	Anaconda Geological Documents Collection	WMC requesting direction from Reno Sales on continuing drilling further.
268	556	10-Feb-1941	302.01	1941-02-10.pdf	Weed, Clyde	General Manager of Mines, Anaconda	Sales, Reno	Chief Geologist Anaconda, 1906-1945	None	Mine Development Work	Anaconda Geological Documents Collection	Weed telling Sales to impliment specific development work at the Walker Mine. Weed is following day-to-day progress at the Walker Mine and then directing mining activity.
269	557	13-Feb-1941	302.01	1941-02-13_1.pdf	Dugan, J.F.	General Supt of Mines, ISRC	Hartmann, H.M.	Manager WMC	Weed, Sales, Lyon	Mine Development Work	Anaconda Geological Documents Collection	Correspondence of this date shows that both ISRC and WMC are subservient to the wishes of Mr. Sales/Anaconda. Dugan (ISRC) directs Hartmann (WMC) to crosscut on the 1201 drift north as Mr. Sales wishes.
270	559	13-Feb-1941	302.01	1941-02-13_2.pdf	Dugan, J.F.	General Supt of Mines, ISRC	Weed, Clyde	General Manager of Mines, Anaconda	Sales, Lyon	Mine Development Work	Anaconda Geological Documents Collection	Dugan (ISRC) informs Weed (ACMC) that he has directed Hartmann (WMC) to stop development work in the North Drift of the Walker Mine as directed by Reno Sales (ACMC). ACMC directing mining activities at the Walker Mine.
271	560	13-Feb-1941	302.01	1941-02-13_3.pdf	Sales, Reno	Chief Geologist Anaconda, 1906-1946	Weed, Clyde	General Manager of Mines, Anaconda	Lyon, Dugan	Mine Development Work	Anaconda Geological Documents Collection	Correspondence of this date shows that both ISRC and ACMC are directing mining activities at the Walker Mine.
272	561	25-Feb-1941	16204.01	1941-02-25.pdf	Droubay, S.K.	Mine Geologist, WMC	Sales, Reno	Chief Geologist Anaconda, 1906-1945	Weed, Lyon, Dugan	Exploration drilling information	Anaconda Geological Documents Collection	Report on surface diamond drill holes. WMC updating Sales on drilling results. 1211xN heading has been temporarily abandoned for the time being, as per your instructions.
273	562	8-Mar-1941	302.01	1941-03-08.pdf	Droubay, S.K.	Mine Geologist, WMC	Sales, Reno	Chief Geologist Anaconda, 1906-1945	Weed, Dugan, Lyon	Exploration and development work	Anaconda Geological Documents Collection	Droubay (WMC) updating Sales (ACMC) on mine development work. Droubay asks Sales if, "the formation is barren for the next 40 or 50 feet, will it be all right to stop Hole No. 57 and try and get Hole No. 51 advanced through the vein?"
274	563	22-Apr-1941	302.02	1941-04-22.pdf	Lyon, Tom	Chief Geologist ISRC	Sales, Reno	Chief Geologist Anaconda, 1906-1945	None	Transfer of Personnel	Anaconda Geological Documents Collection	Droubay (WMC) is unexpectedly transferred to another ACMC operation.
275	564	24-Apr-1941	302.02	1941-04-24.pdf	Sales, Reno	Chief Geologist Anaconda, 1906-1946	Lyon, Tom	Chief Geologist ISRC	C.F. Kelley, Hobbins, D.M. Kelly, Weed, Elton	Transfer of Personnel	Anaconda Geological Documents Collection	Droubay's unexpected transfer to other ACMC operation discussed in more detail. Mr. Weed was involved in approving the transfer of Droubay.

276	565	7-May-1941	302.02	1941-05-07.pdf	Sales, Reno	Chief Geologist Anaconda, 1906-1946	Hartmann, H.M.	Manager WMC	None	Transfer of Personnel	Anaconda Geological Documents Collection	Sales asking Hartmann about whether Chamberlain has been advanced into Droubay's position. Sales recommends that for the present time that Chamberlain not be designated as chief engineer and chief geologist for draft board purposes.
277	566	8-May-1941	302.02	1941-05-08.pdf	Sales, Reno	Chief Geologist Anaconda, 1906-1946	Weed, Clyde	General Manager of Mines, Anaconda	Kelley, Hobbins	Mine Development Work	Anaconda Geological Documents Collection	Sales reports on his recent visit to the Walker Mine. Sales says that a critical period will be reached in about 60 days where ore production will fall off. Sales directs Walker Mines management to perform certain development work on the 1000 level.
278	567	10-May-1941	302.02	1941-05-10.pdf	Hartmann, H.M.	Manager WMC	Sales, Reno	Chief Geologist Anaconda, 1906-1945	None	Transfer of Personnel	Anaconda Geological Documents Collection	Hartmann replies to Mr Sales about Chamberlains status at Walker Mine noting that Chamberlain "is not taking over Droubays work except he is assuming more responsibility for the Geology end."
279	568	17-May-1941	302.02	1941-05-17_1.pdf	Dugan, J.F.	General Supt of Mines, ISRC	Lyon, Tom	Chief Geologist ISRC	None	Mine Development Work	Anaconda Geological Documents Collection	Dugan (ISRC) discussing salary increases for Walker Mine staff with Tom Lyon (ISRC). Dugan states: "Due to the fact that both the Engineering and Geological Departments are under your jurisdiction, I feel that these recommendations should have your approval before submitting them to Mr. Elton for final authorization."
280	569	17-May-1941	302.02	1941-05-17_2.pdf	Lyon, Tom	Chief Geologist ISRC	Sales, Reno	Chief Geologist Anaconda, 1906-1945	None	Salary Increases for WMC	Anaconda Geological Documents Collection	Lyon (ISRC) writes to Sales (ACMC) regarding salaries in the engineering and geological department at Walker Mine. "Will you please let me know what you think about this matter?"
281	570	20-May-1941	302.02	1941-05-20.pdf	Sales, Reno	Chief Geologist Anaconda, 1906-1946	Lyon, Tom	Chief Geologist ISRC	None	Salary Increases for WMC	Anaconda Geological Documents Collection	Sales responds to Lyon about salary increases at the Walker Mine. Sales says (disingenuously) that he is not familiar with the work of the chief engineer (he has been working with Droubay, the Walker Mine chief engineer since 1937). Sales says that he approves Hartmann's recommendation that Chamberlain's salary be increased to \$190.00 per month.
282	571	31-May-1941	302.02	1941-05-31.pdf	Dugan, J.F.	General Supt of Mines, ISRC	Sales, Reno	Chief Geologist Anaconda, 1906-1945	Elton, Lyon, Weed, Hartmann	Abandonment of 1200 Level	Anaconda Geological Documents Collection	Dugan (ISRC) writes Sales (ACMC) and asks if any more work is to be done on the 1200 level (deepest level of the Walker Mine). If not, we will start to salvage pipe, rails, etc., as they can be used elsewhere in the mine. ACMC making decisions for WMC.
283	572	6-Jun-1941	302.02	1941-06-06.pdf	Sales, Reno	Chief Geologist Anaconda, 1906-1946	Dugan, J.F.	General Supt of Mines, ISRC	Elton, Lyon, Hartmann	Abandonment of 1200 Level	Anaconda Geological Documents Collection	Sales writing to Dugan, "Replying to your letter of May 31st, concerning possible further development on the 1200 level of the Walker Mine, I will discuss this matter with Weed in New York next week, and advise you of our decision."
284	573	16-Jun-1941	302.02	1941-06-16.pdf	Sales, Reno	Chief Geologist Anaconda, 1906-1946	Dugan, J.F.	General Supt of Mines, ISRC	Weed, Elton, Lyon, Hartmann	Mine Development Work	Anaconda Geological Documents Collection	Sales/Anaconda directing exploration and development work at WMC through ISRC.
285	574	17-Jun-1941	302.02	1941-06-17.pdf	Dugan, J.F.	General Supt of Mines, ISRC	Sales, Reno	Chief Geologist Anaconda, 1906-1945	Weed, Elton, Lyon, Hartmann	Mine Development Work	Anaconda Geological Documents Collection	Dugan responding to Sales letter of June 16, 1941 detailing ISRC oversight of mining operations at the Walker Mine to develop the best ore streak.
286	575	19-Jun-1941	302.02	1941-06-19.pdf	Sales, Reno	Chief Geologist Anaconda, 1906-1946	Dugan, J.F.	General Supt of Mines, ISRC	None	Abandonment of 1200 Level	Anaconda Geological Documents Collection	"In connection with your letter of May 31st, I negelected to discuss with Weed the subject of further work on the Walker 1200 level. I will take it up with him when he arrives here Saturday, and advise you."
287	576	21-Jun-1941	302.02	1941-06-21_1.pdf	Dugan, J.F.	General Supt of Mines, ISRC	Hartmann, H.M.	Manager WMC	Sales, Lyon, Weed	Mine Development Work, 1017-Drift	Anaconda Geological Documents Collection	ISRC directing WMC about how to proceed with mine development work on the 1017 heading. A copy of the letter is being sent to Mr. Weed and Mr. Sales, so if they have any suggestions as to further drilling they can make them.
288	577	21-Jun-1941	302.02	1941-06-21_2.pdf	Chamberlain, V.R.	Geologist, WMC	Lyon, Tom	Chief Geologist ISRC	Sales, Dugan	Exploration and development work	Anaconda Geological Documents Collection	Letter mentions that some work will be in line or as recommended by Mr. Sales.
289	580	24-Jun-1941	302.02	1941-06-24.pdf	Hartmann, H.M.	Manager WMC	Dugan, J.F.	General Supt of Mines, ISRC	None	Mine Development Work, 1017-Drift	Anaconda Geological Documents Collection	With reference to your letter of the 21st, we will do as you suggested. I am wondering whether it is possible for you to give me soon, a general idea of just what drilling might be contemplated in the near future.
290	581	26-Jun-1941	302.02	1941-06-26.pdf	Dugan, J.F.	General Supt of Mines, ISRC	Sales, Reno	Chief Geologist Anaconda, 1906-1945	Weed	Future of diamond drilling at WMC	Anaconda Geological Documents Collection	Attached is a letter from Hartmann regarding future diamond drilling at Walker. If you have any work contemplated, we should like to have it as soon as possible for the blast hole drilling is about cleaned up and, at present time, we hardly have enough work to keep one machine going.
291	582	28-Jun-1941	16204.01	1941-06-28_1.pdf	Sales, Reno	Chief Geologist Anaconda, 1906-1946	Dugan, J.F.	General Supt of Mines, ISRC	Weed, Lyon, Hartmann	Exploration work WMC	Anaconda Geological Documents Collection	Sales describes in his letter a conference with Tom Lyon and Jack Dugan in which they agreed on work to be prosecuted at the mine (Walker), named in order of preference.
292	583	28-Jun-1941	302.02	1941-06-28_2.pdf	Dugan, J.F.	General Supt of Mines, ISRC	Hartmann, H.M.	Manager WMC	Weed, Lyon, Warren, Sales	Future of diamond drilling at WMC	Anaconda Geological Documents Collection	This morning, Mr. Sales, Mr. Lyon, and myself discussed the future diamond drilling at Walker. Attached is copy of Mr. Sales letter which is self-explanatory.
293	584	30-Jun-1941	302.02	1941-06-30.pdf	Hartmann, H.M.	Manager WMC	Dugan, J.F.	General Supt of Mines, ISRC	None	Abandonment of 1200 Level	Anaconda Geological Documents Collection	WMC writing to ISRC asking if Mr. Sales/Anaconda has approved development work on the 1200 Level. It would be nice and helpful if Mr. Weed and Mr. Sales could decide shortly if there was any use in keeping this Level open.
294	585	3-Jul-1941	302.02	1941-07-03_1.pdf	Dugan, J.F.	General Supt of Mines, ISRC	Sales, Reno	Chief Geologist Anaconda, 1906-1945	Weed	Abandonment of 1200 Level and Salvage Operations	Anaconda Geological Documents Collection	ISRC/WMC seeking authorization from Mr. Weed/Anaconda to abandon the 1200 level of the Walker Mine. "If no further work is contemplated on the 1200, we will salvage the equipment and use it elsewhere."
295	586	3-Jul-1941	302.02	1941-07-03_2.pdf	Dugan, J.F.	General Supt of Mines, ISRC	Hartmann, H.M.	Manager WMC	Sales, Weed	Abandonment of 1200 Level	Anaconda Geological Documents Collection	This letter is in reply to your letter regarding the 1200 level. I talked to Mr. Sales while on our Copper Canyon trip and he said he was going to discuss it further with Mr. Weed before arriving at a decision.
296	587	9-Jul-1941	302.02	1941-07-09_1.pdf	Dugan, J.F.	General Supt of Mines, ISRC	Hartmann, H.M.	Manager WMC	Weed, Sales, Lyon	Mine Development Work, 1017-Drift	Anaconda Geological Documents Collection	Mr. Weed says to drive the 1017 drift 150 feet north of the last crosscut. ACMC directing Walker mine development work.
297	588	9-Jul-1941	302.02	1941-07-09_2.pdf	Sales, Reno	Chief Geologist Anaconda, 1906-1946	Dugan, J.F.	General Supt of Mines, ISRC	Weed, Lyon, Hartmann	Abandonment of 1200 Level	Anaconda Geological Documents Collection	I have talked with Weed about the 1200 Walker. We concur in the opinion...This means you can pull out such tracks, pipes, etc. ACMC directing WMC.
298	589	10-Jul-1941	302.02	1941-07-10.pdf	Dugan, J.F.	General Supt of Mines, ISRC	Sales, Reno	Chief Geologist Anaconda, 1906-1945	Weed, Lyon	Mine Development Work-900 level	Anaconda Geological Documents Collection	ISRC/WMC seeking Sales (ACMC) approval on development work.
299	590	12-Jul-1941	302.02	1941-07-12_1.pdf	Dugan, J.F.	General Supt of Mines, ISRC	Sales, Reno	Chief Geologist Anaconda, 1906-1945	Weed	Abandonment of 1200 Level and Salvage Operations	Anaconda Geological Documents Collection	Dugan (ISRC) writes to Sales (ACMC) confirming that ACMC has given approval to abandon 1200 level of Walker Mine, discontinue all work and salvage materials and equipment. Dugan indicates he has written to Hartmann (WMC) instructing him to discontinue all work on this level and salvage all materials and equipment.
300	591	12-Jul-1941	302.02	1941-07-12_2.pdf	Sales, Reno	Chief Geologist Anaconda, 1906-1946	Dugan, J.F.	General Supt of Mines, ISRC	Weed, Lyon, Hartmann	Mine Development Work-900 level	Anaconda Geological Documents Collection	I have your letter of July 10th, also Hartmann's letter of July 2nd, which concerns the extension of Crosscut 932, North Plute. I took the matter up with Weed. We approve Hartmann's suggestion of the crosscut from 947C. ACMC directing WMC.
301	592	15-Jul-1941	302.02	1941-07-15.pdf	Lomnes, E.J.	Chief Engineer, WMC	Lyon, Tom	Chief Geologist ISRC	None	Summary-Mine Development Work	Anaconda Geological Documents Collection	WMC providing ISRC with extensive summary of mine development work at Walker Mine during the month of June. Report shows the extent of the mining operation underground, the tonnage produced, and the ore grade for each mining area.
302	602	24-Jul-1941	302.02	1941-07-24.pdf	Lomnes, E.J.	Chief Engineer, WMC	Dugan, J.F.	General Supt of Mines, ISRC	Lyon, Sales, Weed	Mine Development Work	Anaconda Geological Documents Collection	WMC providing ISRC with summary of mine development headings going at the present time (July 1941). Also, "In compliance with your suggestion, we are reviving the practice of sending in Development Recommendation Sheets for new work."
303	603	25-Jul-1941	302.02	1941-07-25.pdf	Sales, Reno	Chief Geologist Anaconda, 1906-1946	Dugan, J.F.	General Supt of Mines, ISRC	Lyon, Gidel	"Mining Width"	Anaconda Geological Documents Collection	In reports provided by WMC, Sales remarks that Lomnes (WMC) is using the term "mining width" incorrectly. Sales (ACMC) writes, "I do not wish to have 'mining width' mean different things at our various properties."
304	604	28-Jul-1941	302.02	1941-07-28.pdf	Hartmann, H.M.	Manager WMC	Dugan, J.F.	General Supt of Mines, ISRC	None	"Mining Width"	Anaconda Geological Documents Collection	Hartmann (WMC) writing to Dugan (ISRC) to clarify why Lomnes used "mining width". Hartmann closes with, "I do not think that after talking it over with Mr. Lomnes, there will be any more missusages of the "mining width" terminology."
305	606	30-Jul-1941	302.02	1941-07-30.pdf	Hartmann, H.M.	Manager WMC	Dugan, J.F.	General Supt of Mines, ISRC	None	Summary-Development Work, 1079B	Anaconda Geological Documents Collection	WMC providing ISRC with day-to-day update on 1079B assay data.
306	607	31-Jul-1941	302.02	1941-07-31_1.pdf	Dugan, J.F.	General Supt of Mines, ISRC	Weed, Clyde	General Manager of Mines, Anaconda	Sales	Mine Development Work, 1017 Drift	Anaconda Geological Documents Collection	Dugan (ISRC) writing to Weed (ACMC) stating that he told Hartmann (WMC) not to drill an exploration hole that Hartmann had proposed. ISRC notifying ACMC of its decisions at Walker Mine.
307	608	31-Jul-1941	302.02	1941-07-31_2.pdf	Dugan, J.F.	General Supt of Mines, ISRC	Weed, Clyde	General Manager of Mines, Anaconda	Sales	Mine Development Work, 1079B Crosscut	Anaconda Geological Documents Collection	Dugan (ISRC) writing to Weed (ACMC) asking Weed for reaction to drilling a down hole due north of the 1079B Crosscut. ISRC/ACMC directing work at WMC.
308	609	2-Aug-1941	302.02	1941-08-02_1.pdf	Sales, Reno	Chief Geologist Anaconda, 1906-1946	Weed, Clyde	General Manager of Mines, Anaconda	None	Geological Recommendation Sheets	Anaconda Geological Documents Collection	Sales writing to Weed. "Relative to the enclosed recommendation sheets, I think its advisable to have these sheets changed to - "Recommendation for Development Work, Geological Department, Walker Mining Company". ACMC directing activities for WMC."
309	610	2-Aug-1941	302.02	1941-08-02_2.pdf	Sales, Reno	Chief Geologist Anaconda, 1906-1946	Weed, Clyde	General Manager of Mines, Anaconda	None	Mine Development Work, 1017-Drift	Anaconda Geological Documents Collection	Sales writing to Weed about recent mine development work in the 1017 drift. Sales wants WMC to drift south (not north) to get to better ore. Sales closes by saying to Weed, "I hope you will take this matter up and get immediate action."

325	640	22-Sep-1941	16202.02A	1941-09-22.pdf	Chamberlain, V.R.	Geologist, WMC	Gidel, M.H.	Assistant Chief Geologist, Anaconda	Dugan, Lyon	Geological and Assay 1017BDN and Salvage Operations	Anaconda Geological Documents Collection	Hole No. 41 would seem to indicate that mineralization exists down to the 1200 Level. However, "All track, air, and water lines have been salvaged from this portion of the 1000 level ..."
326	641	1-Oct-1941	16201.04	1941-10-01.pdf	Chamberlain, V.R.	Geologist, WMC	Lyon, Tom	Chief Geologist ISRC	None	Transfer of Personnel	Anaconda Geological Documents Collection	As there is considerable talk of the mine closing, I am somewhat anxious to find out if I could be transferred to some other property of the Company's (ACMC) in the event that the Walker Closes down. For more details, see Gidel' Oct 15, 1941 letter to Chamberlain, Dugan's May 17, 1941 letter, Gidel's Feb 2, 1939 telegram to Tom Lyon, and Gidel's Feb 6 1939 letter to W.J. Wilcox of APMC.
327	642	4-Oct-1941	303.01	1941-10-04.pdf	Sales, Reno	Chief Geologist Anaconda, 1906-1946	Weed, Clyde	General Manager of Mines, Anaconda	Dugan, Lyon, Hartmann	Ore Reserves/Suggested Work	Anaconda Geological Documents Collection	Sales inspects Walker Mine and makes recommendation to stop all other work in waste on the 1000 level and concentrate vigorously on a raise to mine a considerable amount of better grade gold-copper ore between the 1000 and 900 Plute levels.
328	644	6-Oct-1941	16201.04	1941-10-06.pdf	Lyon, Tom	Chief Geologist ISRC	Chamberlain, V.R.	Geologist, WMC	None	Transfer of Personnel	Anaconda Geological Documents Collection	Lyon responds to Chamberlain's October 1st, letter saying that he has discussed the matter with Mr. Sales, and although we have nothing definite to say about where you might be sent at this time, we will undoubtedly have some thing for you (see Gidel's October 15, 1941 letter to Chamberlain).
329	645	8-Oct-1941	303.01	1941-10-08.pdf	Hartmann, H.M.	Manager WMC	Dugan, J.F.	General Supt of Mines, ISRC	Sales, Lyon	Development	Anaconda Geological Documents Collection	Hartmann updating Dugan on progress and references needed to start drifts earlier than Sales had recommended. Hartmann writes, "This place is being pushed to the utmost." Apparently, the date for mine closure is nearing, thus the focus is on mining the best paying ore as quickly as possible.
330	646	10-Oct-1941	303.01	1941-10-10.pdf	Sales, Reno	Chief Geologist Anaconda, 1906-1946	Hartmann, H.M.	Manager WMC	Weed, Lyon, Dugan	Walker Mining Co., Plumas Co., Calif.	Anaconda Geological Documents Collection	Sales directing Hartmann in mining operations in response to a letter from Hartmann supplying Sales with information on better gold values within the ore body.
331	647	15-Oct-1941	303.01	1941-10-15.pdf	Gidel, M.H.	Assistant Chief Geologist, Anaconda	Chamberlain, V.R.	Chief Geologist, WMC	Weed, Sales, Lyon, Dugan	Geology and Mine Development	Anaconda Geological Documents Collection	P.S. section of letter states that if WMC closes, Chamberlain will be transferred to some other APMC operation in Southwest or continue work in the Geological Department in Butte.
332	649	24-Oct-1941	16201.04	1941-10-24.pdf	Hartmann, H.M.	Manager WMC	Lyon, Tom	Chief Geologist ISRC	Dugan	Walker Mine Closure	Anaconda Geological Documents Collection	Due to Walker mine closure, its no longer necessary to continue option on Copper King Group of mining claims. WMC informing ISRC that if WMC intends to give up the claims, there needs to be sufficient time for notification of that intent.
333	650	26-Oct-1941	303.01	1941-10-26.pdf	Butte Daily Post	Butte Montana-Newspaper				Walker Mine Closure	Anaconda Geological Documents Collection	Article states that, "Directors of the Walker Mining company announced today decision to close their copper mine in Plumas county, California." The article further states that, The Walker mine was controlled by ISRC, a wholly-owned subsidiary of APMC.
334	651	3-Nov-1941	16201.04	1941-11-03.pdf	Hartmann, H.M.	Manager WMC	Dugan, J.F.	General Supt of Mines, ISRC	Lyon	Walker Mine Shutdown	Anaconda Geological Documents Collection	Walker Mine notifying ISRC that ISRC has always taken care of recording the assement work on the claim locations.
335	652	13-Nov-1941	303.01	1941-11-13.pdf	Chamberlain, V.R.	Geologist, WMC	Gidel, M.H.	Assistant Chief Geologist, Anaconda	Sales, Lyon, Dugan	Closure Reports	Anaconda Geological Documents Collection	Post Script indicates that he wants to be transferred to another Anaconda operation such as Cananea (Mexico), Inspiration (AZ) or Butte or be able to work for Vicent Perry.
336	653	10-Dec-1941	16406.02	1941-12-10.pdf	Kelley, C.F.	Chairman of the Board, APMC	Walker, J.R.	President, WMC	Weed, Lyon	Other Copper Property Near Walker Mine	Anaconda Geological Documents Collection	Kelly states that the property is not of interest to Anaconda Company or the Walker Mining Company, indicating that APMC controls WMC.
337	654	1-Jun-1942	16201.04	1942-06-01.pdf	Tom Lyon	Chief Geologist ISRC	J.O. Elton	Manager ISRC	None	Potential deal for Walker Mine	Anaconda Geological Documents Collection	Anaconda's management directing ISRC not to discuss any potential deal on Walker Mine. Any proposition would have to be made by New York (Anaconda).
338	655	9-Nov-1948	16204.01	1948-11-09.pdf	Weed, Clyde	Vice President, Anaconda	Perry, Vincent	Chief Geologist Anaconda, 1948-1969	McDonald, A.M.	Potential option on Walker Mine	Anaconda Geological Documents Collection	Weed writes that, "Operating costs have gone up considerably since we operated there...."
339	656	26-Nov-1948	16204.01	1948-11-26.pdf	Weed, Clyde	Vice President, Anaconda	Perry, Vincent	Chief Geologist Anaconda, 1948-1969	None	Potential option on Walker Mine	Anaconda Geological Documents Collection	Weed writes that, "I note that you do not believe the Anaconda Company should be interested in this property again."
