**Subject: Amendment to MS4 Permit Extending Schedule for Model  
WQMP Approval**

Dear Mr. Smythe:

The City of Garden Grove is in full support of the Amendment of Waste Discharge Requirements for the County of Orange, Orange County Flood Control District and the Incorporated Cities of Orange County, Areawide Urban Storm Water Runoff Permit (R8-2009-0030, NPDES No. CAS618030, MS4 Permit).

The Amendment will provide the County and Co-Permittees additional time to complete and submit to Regional our Model Water Quality Management Plan (MWQMP) and the Technical guidance Document (TGD). Although significant progress has been made in preparation for a new MWQMP, the extension would allow Co-Permittees, such as the City of Garden Grove, the time needed to finalize documents, receive Santa Ana Regional Water Quality Control Board approval, and to conduct a successful implementation training program for the revised MWQMP.

If you need additional information, please contact, AJ Holmon, Environmental Compliance Manager, at (714) 741-5956.

Sincerely,

WILLIAM J. DALTON  
Mayor
