RE: REPORT OF WASTE DISCHARGE AND MUNICIPAL STORMWATER MANAGEMENT PLAN: PERMIT RENEWAL APPLICATION FOR NPDES PERMIT NO. CAS618036; ORDER NO. 96-32; SAN BERNARDINO COUNTY STORMWATER PROGRAM

Dear Mr. Thibeault:

The San Bernardino County Flood Control District (District), as Principal Permittee, is pleased to submit this Report of Waste Discharge (ROWD) on behalf of all of the Co-Permittees covered under the subject permit. We have included a revised Municipal Stormwater Management Plan (MSWMP), a draft revised Implementation Agreement, and draft revised permit language to accompany the ROWD.

The ROWD is submitted in accordance with Section XIX.1 of the current NPDES Permit, as application for permit renewal for the scheduled period from April 27, 2007, to April 26, 2012. The application for permit renewal consists of the enclosed ROWD, the enclosed MSWMP, and letters of intent from each of the eighteen (18) Co-Permittees to be part of the area-wide Municipal NPDES Stormwater Permit.

The ROWD and MSWMP were developed through a series of meetings beginning in February 2006. All of the Co-Permittees attended meetings and were invited to comment on document drafts and specific program elements. Regional Board staff attended discussion meetings and provided written and verbal comments. The enclosed ROWD and MSWMP represent the commitment of all Co-Permittees to implement the Municipal Stormwater Program for the fourth MS4 Permit term.

We welcome your review of the ROWD and MSWMP and look forward to working with you to develop the fourth-term MS4 Permit. If you have questions or require additional information, please contact Matt Yeager at (909) 387-8109.

Sincerely,

PATRICK J. MEAD, P.E.

Flood Control Engineer
