INVESTIGATION AND SUBMIT A REPORT CONCERNING PERCHLORATE
DISCHARGES, RIALTO, SAN BERNARDINO COUNTY, CALIFORNIA**

Dear Mr. Shinehouse:

In my letter of June 26, 2003 (Investigation Order, copy enclosed), I specified the requirements and deadline for submittal of a records investigation and report with respect to your subsidiary, Marquardt's missile and rocket research and development facility that was located in North Rialto in and around 1965. This investigation was required pursuant to Section 13267 of the California Water Code.

The deadline for submitting the report was July 31, 2003. However, we have not received the report. Please be advised that you are currently in violation of the Investigation Order and will remain so until the requirements specified in that Order are satisfied. In addition, you will be subject to issuance of an Administrative Civil Liability Complaint in the amount of up to \$1,000 per day beyond July 31, 2003 for failure to submit the required work plan.

If you have any questions or are interested in meeting to discuss this matter, please contact Kamron Saremi at (909) 782-4303, or you may call Ann Sturdivant, Chief of our Spills, Leaks, Investigations and Cleanups Section, at (909) 782-4904.
