

AGENDA

California Wadeable Streams Biostimulatory and Biointegrity Amendments
Regulatory Advisory Group (Meeting
February 15, 2017 1 – 4 PM

Teleconferencing Information On Next Page

Meeting Goals:

- 1) Water Board staff update on the rationale for the combined biostimulatory and biointegrity amendments, project governance (stakeholder advisory group (SAG), science panel, and regulatory advisory group (RG))
- 2) Review and feedback on revised conceptual approach to science supporting the biostimulatory and biointegrity amendments, on work plans describing new technical elements (Algal Stream Condition Index) and on interim progress on existing work elements (Biological Condition Gradient Model Development)
- 3) Describe timelines for review of technical work elements, including timing of stakeholder and science panel meetings.

Meeting Materials:

- California Biological Condition Gradient Workplan 12022016 + Panel Bios
- Algal Stream Condition Index Workplan 12022016
- SWRCB Staff Proposal for Expansion of Current Biostimulatory Objectives Science Panel (SP) Members to Include Biointegrity Expertise: Desired Attributes and Proposed Candidates

1:00 -1:10	Welcome, Introductions, Meeting Goals and Review of Agenda-Nick Martorano and Jessie Maxfield (SWRCB)
1:10 – 2:00 pm	Update from Water Board staff on rationale for combined nutrients/biostimulatory and biointegrity policy (Nick Martorano, SWRCB)
