316(b)
Once Through Cooling
Deadline: 8/15/06 5pm

Dear Ms. Dudoc,

I am writing to urge you to work toward the elimination of "once-through cooling" in our State power plants. This seems to be a pretty destructive and antiquated method of cooling and, since there are alternatives such as air-cooling, it seems like it should be phased out.

Thank you very much,

Gwen Kennedy
