Dear Ms. Townsend and Members of the Board:

City of Lakeport as most other cities in California are under very difficult economic times. The City of Lakeport works hard to meet all State mandates with limited revenues and staffing. We are a city with a population of approximately 5,000 people, with very limited resources and the City has worked hard to meet the current NPDEDS permit. The City of Lakeport is co-permitted under the Lake County Clean Water Program. Lake County is a rural county with two incorporated cities, with one of the highest unemployment rates in the State.

This letter of comment is to notify you that the City of Lakeport fully supports the comments submitted to the Regional Water Quality Board by Stanislaus County on July, 16, 2012, on the 2nd Draft Phase II MS4 General Permit.

Sincerely,

Margaret Silveira
City Manager
City of Lakeport
