APPEARANCES AT FIELD INVESTIGATION CONDUCTED ON
SEPTEMBER 17, 1947, UNDER THE PROVISIONS OF ARTICLE 13,
SECTION 733b OF THE CALIFORNIA ADMINISTRATIVE CODE.

For Applicant

Alfred Reimann

In propria persona

For Protestant

George S. Evans

In propria persona

Investigator

A. S. Wheeler, Assistant Hydraulic Engineer
Division of Water Resources, Department of Public Works,
State of California for Edward Hyatt, State Engineer.

Also appearing as an interested party was A. W. Thoma.

OPINION

Application 11185 having been filed and a protest against approval thereof having been received, was regularly set for a field investigation of which applicant and protestant were duly notified and did agree, by signed stipulations to abide by the report and subsequent findings of said investigation.

The report of the investigation indicates that, as the result of a conference held at the conclusion of the investigation, the protestant was agreeable to withdrawal of his protest if applicant would reduce the amount sought under Application 11185 to 0.90 cubic foot per second.

Applicant did, on September 24, 1947, file written authorization to change the amount sought under Application 11185 to 0.90 cubic foot per second and the application was so amended and protestant did, on September 24, 1947, file a written request for withdrawal of his protest on the condition that the application be so amended. There would now appear to be no bar to approval of Application 11185 and since the uses to which applicant proposes to put the waters sought are beneficial ones, it is the opinion of the State Engineer that said application should be approved subject to the usual terms and conditions.

ORDER

Application 11185 for a permit to appropriate water having been filed with the Division of Water Resources as above stated, a protest having been filed, a field investigation having been made, a stipulated hearing having been held in accordance with Article 13, Section 733 b of the California Administrative Code and the State Engineer now being fully informed in the premises:

IT IS HEREBY ORDERED that Application 11185 be approved for the amended amount and the season of use applied for and that a permit be

issued subject to such of the usual terms and conditions as may be appropriate.

WITNESS my hand and the seal of the Department of Public Works of the State of California, this 26 day of Nov, 1947.

Edward Hyatt, State Engineer
