ENVIRONMENTAL INFORMATION FOR PETITIONS

Petition for Change

Petition for Extension of Time

Before the State Water Resources Control Board (SWRCB) can approve a petition to change your water right permit or a petition for extension of time to complete use, the SWRCB must consider the information contained in an environmental document prepared in compliance with the California Environmental Quality Act (CEQA). This form is not a CEQA document. If a CEQA document has not yet been prepared, a determination must be made of who is responsible for its preparation. As the petitioner, you are responsible for all costs associated with the environmental evaluation and preparation of the required CEQA documents. Please answer the following questions to the best of your ability and submit any studies that have been conducted regarding the environmental evaluation of your project. If you need more space to completely answer the questions, please number and attach additional sheets.

1. DESCRIPTION OF PROPOSED CHANGES OR WORK REMAINING TO BE COMPLETED

For a petition to change, provide a description of the proposed changes to your project including, but not limited to, type of construction activity, structures existing or to be built, area to be graded or excavated, increase in water diversion and use (up to the amount authorized by the permit), changes in land use, and project operational changes, including changes in how the water will be used. For a petition for extension of time, provide a description of what work has been completed and what remains to be done. Include in your description any of the above elements that will occur during the requested extension period.

Work Completed water intake from stream into small holding tank. Petition filing is late. We were unaware it was needed.

Pat,

I changed my mind about information on page 2 re state/federal permits and requirements. U.S. Forest Service was checked, but I know of no Forest Service permit regarding water. I changed it to read none known. We deal with them re leases, keeping cabins safe and clear of growth and brush close to cabins, trimming trees well off ground and any cabin infractions.

Thanks for all your help,

Nadine

Change Petition on Application 20485

Reason for Proposed Change: Spring supply insufficient. Moved point of diversion (POD) to unnamed stream in 1981 (refer to maps) that is hydraulically connected to the abandoned POD.

Access to POD or control.. – Property located on U.S. Forest Service Lands (USFS). We have a government lease??? and have contacted the USFS to verify continued access to the POD on the unnamed stream tributary to the North Yuba River.

Environmental Information for Petitions

Description of Proposed Changes... This change petition is being filed since the point of diversion (POD) on the spring was insufficient and the POD was moved in 1981 to an unnamed stream tributary to the North Yuba River. The POD on the unnamed spring was tributary to an unnamed stream tributary to an unnamed stream tributary to the North Yuba River (refer to attached map). The reason for the delay in filing this change...
