VISION

A reliable provider of quality water with the attributes of

- Productive and timely customer service.
- Effective management.
- Affordable value to its customers.
- Total compliance with California regulations, special district codes, the *Brown Act*, water quality standards, and Del Norte County ordinances.
- No undue liability for its employees, directors/trustees, or the residents of Hiouchi.
- Balanced water service throughout its jurisdiction in volume and pressure.
- Emergency capability that is satisfactory to its customers, including immediate attention to suspected underground water leaks.
- Accurate billing.
- Representative governance.
- Proactive planning for new distribution and storage, financing, access to owned assets, maintenance of owned assets, increased water allocation from the Smith River, and both routine and unexpected infrastructure replacement.

MISSION

To achieve customer satisfaction in terms of quality services, timely performance, planning, and minimal fees.

GOALS

- Permanent permit increasing the CSD's water allocation from the Smith River. Until then, a moratorium on all hookups.
- New 50,000-gallon storage tank, possibly in an expanded easement. Obtain low-interest financing or a grant to complete the project.
- A written plan to (a) upgrade infrastructure to accommodate future community needs and (b) periodically balance volume and pressure for all customers.
- Emergency access to all critical points on the water delivery system, including the river pump.
- Strict compliance with all of the applicable governing laws, regulations, codes, and standards.
- Timely and redundant maintenance and repair capability.
