

CVCWA Testimony

SWRCB Bay-Delta Hearing

March 20, 2013

Excerpt from DWR Modeling Report

- “...the modeling showed that imposing WQBELs would have little affect on the salinity problem in the south Delta.”

Figure 7: Comparison of EC Regulatory Levels – Low Exports (September 2001)

Comparison of EC Regulatory Levels Old River at Tracy Blvd Bridge September 2001

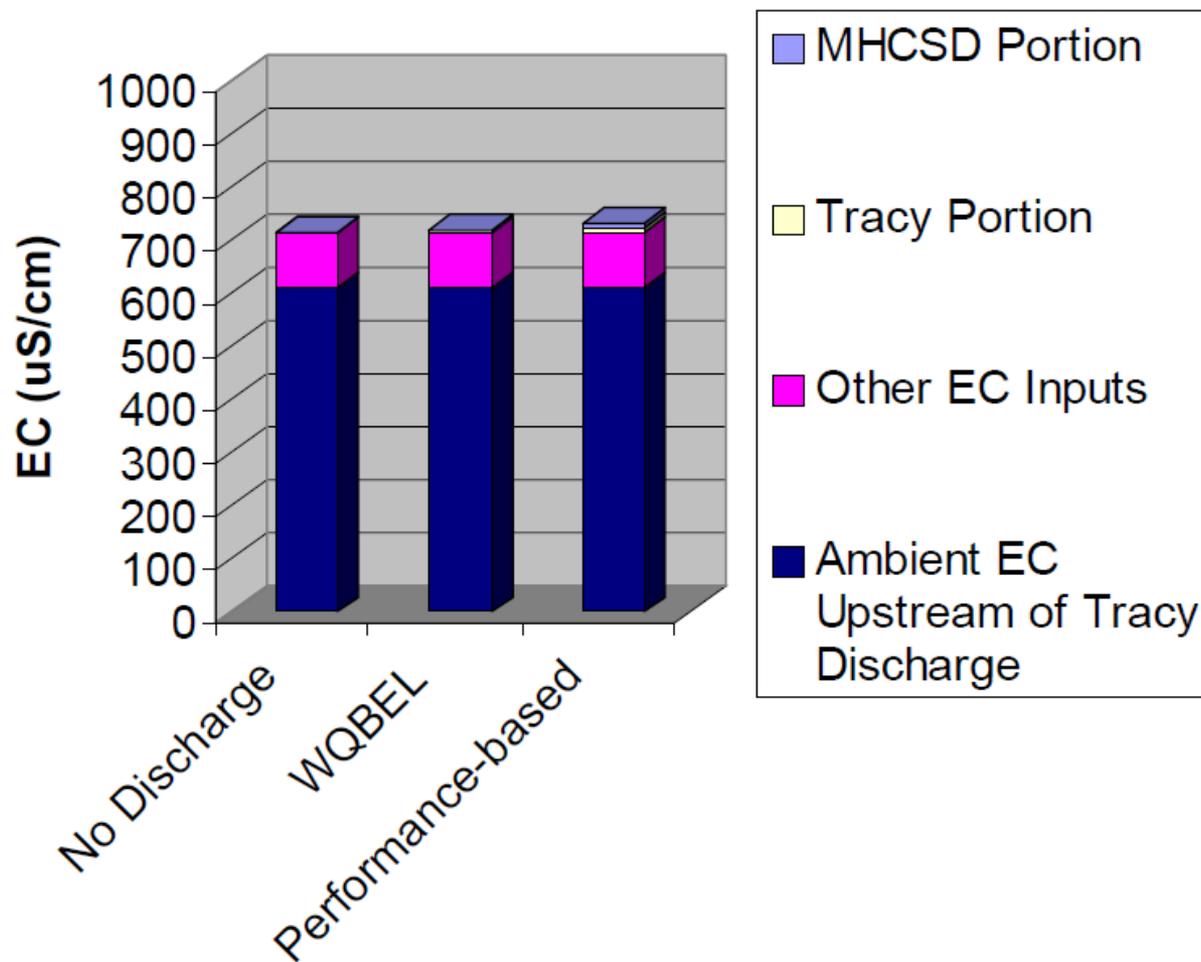

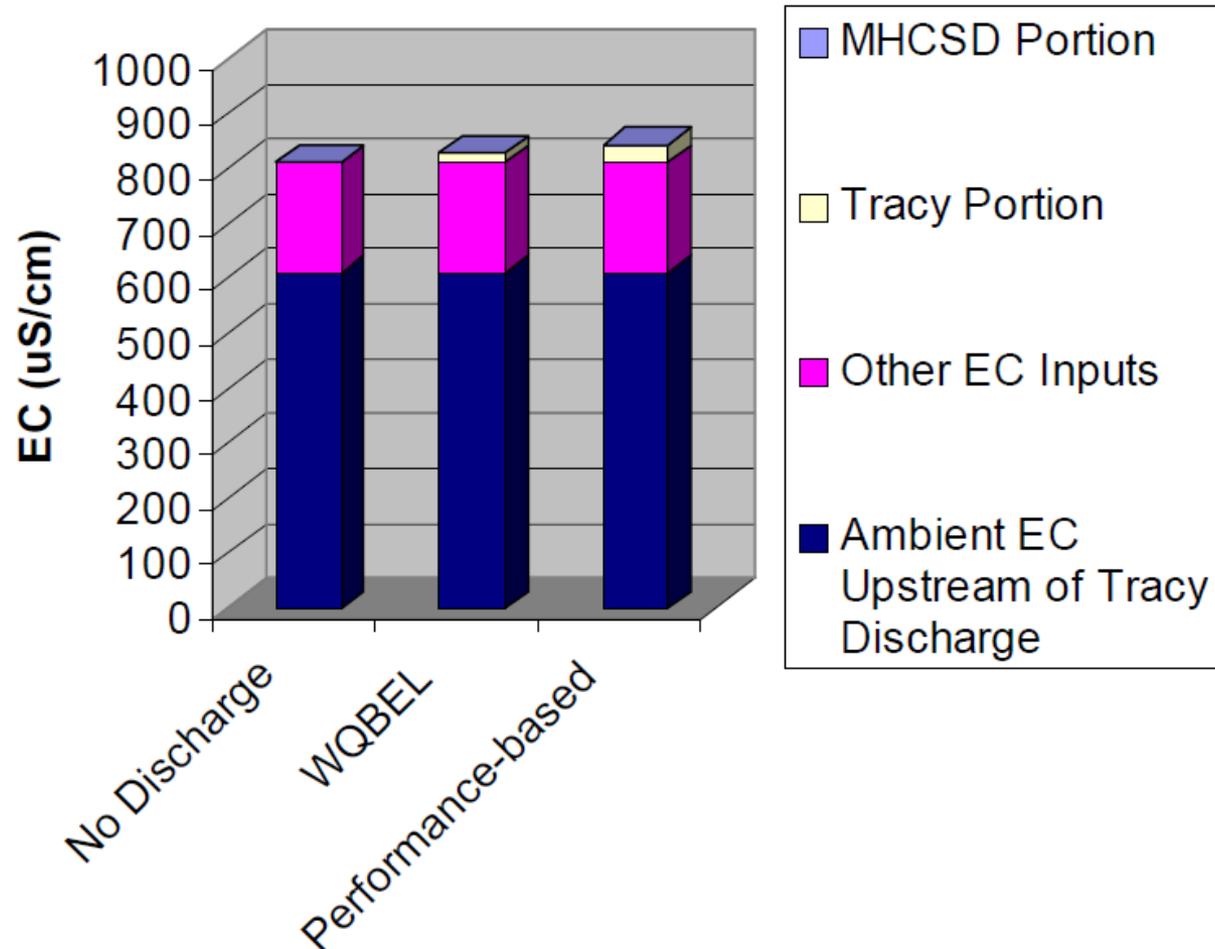

Figure 5: Comparison of EC Regulatory Levels – High Exports (October 2001)

Comparison of EC Regulatory Levels Old River at Tracy Blvd Bridge October 2001

From Table 17-1. CEQA Significance Analysis

Resource Area	SDWQ Alt 1	SDWQ Alt 2	SDWQ Alt 3
Water Supply	S	L	L
Flooding, erosion	L	N	N
Aquatic	S	N	N
Terrestrial	S	L	L
Groundwater	S	N	N
Recreational	L	N	N
Agricultural	S	L	L
Cultural	L	N	N
Service Providers [e.g. POTWs]	S	S	L
Energy	S	N	N
<i>S = Significant</i>	<i>L = Less than Significant</i>	<i>N – No Impact</i>
