In Re: Proposed Action

Please. Please. Please re-reconsider the threat of increasing water exports from our rivers here in the Central Valley, namely; the Tuolumne, Stanislaus and Merced rivers. We need the water to stay here locally and help to produce the food for the masses while we live and try to prosper here in this valley. Our water and electricity rates are already off the charts while we struggle to grow our products and try to be successful without going broke. It is difficult...trust us! Please re-consider.
