SUBJECT: POLICY COMMITTEES MEETING

Please note that the February 22, 1995 meeting of the Policy Committees has been postponed at the request of representatives of the Cachuma Project Members and the City of Lompoc. The meeting will be re-scheduled following a mid-March meeting of the Technical Committees to review the conceptual proposal submitted by David Schuster. Please contact your respective member(s) of the Policy Committees (as well as attorneys and others in your organization, as necessary) as soon as possible to advise them of the postponement.

Also, we would like to schedule the Technical Committees meeting on March 16th or 17th. Please notify me at (805) 564-5501 at your earliest convenience if there is a problem with either of these dates.

Thank you for your cooperation.
