### SUBJECT OF THE CANCELED HEARING

Monterey Peninsula Water Management District (MPWMD) filed petitions to change Permits 7130B and 20808 (Applications 11674B and 27614), to authorize a groundwater injection and recovery project in the Seaside Groundwater Basin. The purpose of this hearing was to receive evidence to be considered by the State Water Board in determining whether to approve MPWMD's petitions. By letters dated September 14 and September 17, 2007, the remaining protestants of MPWMD's petitions, the California Department of Fish and Game and the National Marine Fisheries Service, notified the State Water Board that they have withdrawn their protests and will not participate as protestants in this proceeding. In the absence of protests, no hearing is required on the petitions. Therefore, the hearing is canceled.

Questions concerning this notice should be directed to Barbara Katz, Senior Staff Counsel, at (916) 341-5192.
