Conversation Summary	<p>I told Janet I had recently called regarding owner information but was still unclear on who is technically responsible or liable for the property. I provide her with the parcel number and she confirmed that "Newton Dalpoggetto Successor Trustee" is listed as the property owner and is the responsible party. She also confirmed the recorded date of owner transfer being 2005. I asked Janet if there was information regarding the Stornetta Family Trust and she stated there is an affidavit showing signed by the Stornetta Family Trust granting the property over to Newton Dalpoggetto Successor Trustee. I thanked Janet for her time and told her the information was very helpful.</p>		
<p>Notes: Information obtained from Parcel Quest Online Services indicates "Owner Name: DALPOGGETTO NEWTON SUC" but does not define "SUC". I called earlier today and received some confusing and conflicting information from Mary Gebing regarding the owner of APN 047-070-018. This phone call to the Napa Assessor's Office is to verify the owner and any pertinent information.</p>
