On March 19, 2002, the State Water Resources Control Board (SWRCB) issued a Notice of Pre-Hearing Conference and Public Hearing (Hearing Notice) on the above matter. The pre-hearing conference was held on April 16, 2002. All persons that submitted a Notice of Intent to Appear for the hearing participated in the pre-hearing conference. The parties agreed that the 1999 evidentiary record for the December 7 and 8, 1999, hearing on petitions to revise the Declaration of Fully Appropriated Streams (Declaration) for the Santa Ana River stream system (1999 evidentiary record), and Order WR 2000-12, would comprise the entire evidentiary record for the July 2, 2002 hearing. Three of the parties agreed to accept a written procedural stipulation in which the signatories also agree to rely on the 1999 evidentiary record that served as the basis for Order WR 2000-12 for the July 2, 2002 hearing.<sup>1</sup> As a result of this agreement, the SWRCB waived any further requirements to submit evidence and testimony for this hearing.

During the pre-hearing conference, all parties agreed to participate in the hearing by conference call. Persons wishing to participate by conference call should telephone (916) 574-2346 at 9:00 a.m. on July 2, 2002. Parties and members of the public may also appear in person at the Cal-EPA building, Coastal Hearing Room.

As stated in section 6 of the enclosure to the Hearing Notice, our Order of Proceeding is as follows. The hearing will convene with an opening statement and a roll call to determine attendance. Anyone wishing to make a Policy Statement will have five minutes to do so. Time limits will be strictly enforced. The parties have agreed to use only the 1999 evidentiary record and Order 2000-12 for this proceeding. Accordingly, there will be no presentation of evidence at this time. SWRCB staff will offer the 1999 evidentiary record and Order WR 2002-12 into
