

PERMIT TERM 42

Title: Continuing Authority - Reduction in Storage

When Used: Storage in reservoirs of greater than 10-acre-foot capacity for recreational purposes or for stockwatering and/or other limited consumptive uses.

Term:

This permit is subject to the continuing authority of the State Water Resources Control Board to reduce the amount of water named in the permit upon a finding by the Board that the amount is in excess of that reasonably needed to be held in storage for the authorized use. No action will be taken by the Board without prior notice to the owner and an opportunity for hearing.
