DIV. OF WATER RIGHTS SACRAMENTO

Written Comment Form
Public Scoping Meeting
DRAFT ENVIRONMENTAL IMPACT REPORT
FOR
UPPER NORTH FORK FEATHER RIVER HYDROELECTRIC PROJECT
WATER QUALITY CERTIFICATION

State Water Resources Control Board

Your input is important to us; please use this comment sheet to provide input on issues, alternatives and mitigation measures to be evaluated in the Draft EIR. Your comments will assist in preparation of the Draft EIR. Please include your name and address below to receive a copy of the Draft EIR.

We are opposed to the construction/installation of Thermal Curtains in Lake Almanor and Butt Valley Reservoir. This project has not been proven as a reliable resolution for the benefit of cooling downstream portions of the North Fork of the Feather River and will destroy the fish habitat in both lakes.

We are residents of South San Francisco CA and have a summer cabin at Lake Almanor. We are opposed to this project both as rate payers (who will ultimately pay for this project) to P.G.&E and as outdoor enthusiasts that do not want to see the fish habitat destroyed at these two pristine lakes. We feel that the public will be better served by improving the riparian vegetation enhancements of the North Fork of the Feather River.

Additional space? Please use other side.

Name* Mr & Mrs. Ronald D. Brown
Address 
City/State/Zip Code 

Comments, including names and home addresses of respondents, will be made available for public review. Individual respondents may request their home address be withheld from public disclosure. Please check this box if you wish your name and/or address withheld from public disclosure.

Please submit your comments at the Sign-in Station or send your comments to:
