Subject: Mod. of Cease & Desist Order WR 2009-0060

Dear Mr. Quint:

I support the The Coalition of Peninsula Businesses' request to modify the above C&D Order. I am a property owner in Monterey since 1951.

Please allow more time to develop a water supply project before cutting back available water from the Carmel River. We residents have worked for years to reduce our water consumption. Limiting families and businesses to further cutbacks will be detrimental to our lives and livelihoods.

Thank you for considering this reasonable request.

Wendy Delahaie-Matthews
